Insurrection Spreads to West, Loyal Troops Falling Before Fierce Onslaught

Powers Guard Lives of Aliens With Warships; Many Cities Sacked

HONG KONG, May 2.—Today's advices from Canton, where the revolutionary movement originated, indicate that foreigners have escaped harm. The foreign residential section occupies Shamian, an artificial island at the north of Canton. A canal separates the island from the city proper. Gunboats are anchored in the canal and guns are mounted on the canal bank commanding the approaches to the island. On Sunday evening the revolutionaries attempted to cross the Shamian for the purpose of charging the police station there. They were repelled by loyal troops.

Bandits led by the brigand chief, Luk, burned four government residences at Putshan, when they attacked and looted the town. Reports from the West River districts are meager as the rebels destroyed telegraphic communication at many points.

REVOLT SPREADS.

It appears, however, that Wu Sum, the leader of the anti-Manchu forces, is working to the westward after raiding San Shui, Wen-chow, Woo-chow, Chung-kiang, Shu-hung and Fat-shan. The government has lost control at Canton. Later dispatches today indicate that the anti-Manchu movement has spread from the West River at the west of Canton, to the north and east through Kwang-Tung province, and to Amoy in the southeast.

Jacob Rudolph Sent To Insane Asylum

Former Associate of Chris Buckley Committed After Examination by Commission.

SAN FRANCISCO, May 2.—A jury in Judge Cabaniss' court found Jacob Rudolph, formerly a prominent local politician and associate of Chris Buckley, to be insane and he will be taken today to a State institution.

Rudolph was accused by his wife and found to be mentally unbalanced by the lunacy commissioners. He demanded a jury trial and, aided by his sister, did everything possible to avoid going to an asylum, but without avail.

A PLUCKY YOUNG LADY GETS BEST OF HIGHWAYMAN

MISS ETHEL HUTCHINSON, who thrashed a Thug Into Submission.

Saves Her Jewels by Display of Courage

"Well, I certainly admire your nerve," exclaimed a thug last night after he had received a pummeling at the hands of Miss Ethel Hutchinson, 20-year-old daughter of Dr. G. R. Hutchinson, 15 Lynde avenue, Fruitvale, who frustrated his attempt to wrest from her grasp a purse in which she carried a small amount of money, two diamond ear-rings and a diamond ring of considerable value.

Miss Hutchinson, who is a pretty, buxom of husky build, was returning to her home at a late hour, and had shortly before the hold-up, alighted from a Fruitvale avenue car at the corner of Lynde avenue and was proceeding along the sidewalk, when a rather tall, hawkeyed man wearing a black crushed hat well pulled down over his features sprang upon her as she passed by a clump of overhanging bushes. She made no outcry and in the scuffle that ensued sustained a number of scratches under her face and hands while a thin white waist which she wore beneath her coat was torn into shreds.

After the conflict, in which she came out victor, she ran with full speed to her home but a hundred feet away, hurried the low gate and burst through the front door, uttering a faint cry and then fell to the floor in a faint. Members of the household rushed to her in an instant and she was soon revived. The police were notified over the telephone and Inspector Charles Koch and a posse of officers hurried in an auto to the scene but the culprit had made good his escape.

The speechers were short and business-like, as might be expected from practical business men, some of those who expressed themselves, consuming not more than a minute and a half. In that short time, however, they said, a great deal and their influence went with it, making the words potent for favorable results on the day of election, Tuesday, May 9.

CHEERS FOR MOTT AND PROGRESS

There Must Be No Delay in Oakland's Progress, Declares Mayor

People's Interest in Civic Affairs Is Making This a Great City, He Says

More than two hundred businessmen, manufacturers and industrial workers of this city cheered in unison in endorsement of the candidacy of Mayor Frank Mott at the luncheon at the Saddle Rock Inn on Thirteenth street at noon today, which was given under the auspices of the Business Men's Mott Club.

There was a heartiness in the demonstration for the reason that there was not a person there who did not feel that the mayor was worthy of the tribute, both because of what he has accomplished in the development of the city during the past six years and because of what there is every reason to believe he is to achieve in the same direction during the next four years under new charter.

NON-PARTISAN GATHERING.

The attendance was entirely non-partisan, there being present people who have been in the past allied with not alone the Democrats and Republicans, but also with more liberal of the socialist organization, who feel that it would be improper at this time to transact a positive government which has made the city prosperous, over to an organization which is, at most but experimental.

There was no discrimination in the selection of the speakers, the choice falling on the persons who caught the eye of Prof. W. E. Gibson, the presiding officer, the only condition being that the orator give expression to the earnestness of making the coming new government of the city a guaranty that there will be no retrogression during the next four years.

The speeches were short and business-like, as might be expected from practical business men, some of those who expressed themselves, consuming not more than a minute and a half. In that short time, however, they said, a great deal and their influence went with it, making the words potent for favorable results on the day of election, Tuesday, May 9.

CITY HALL SHOWN.

A unique feature of the occasion was the unveling of a mammoth drawing of the proposed new city hall, the excavation for the foundation of which is now being made. This was in a frame 100 feet by 60 and hung suspended on the north wall of the dining room. It had just come from the architects in New York and showed the two additional stories which have been incorporated and which added to the beauty and impressiveness of the design, which indicates that the structure is to be the most unique and beautiful one of the kind in the United States.

At a given time, a signal was made

TALK ABOUT FEVER HEAT!

Fever heat is not in it when compared to the excitement that the TRIBUNE'S announcements about Turnip Day have created in Oakland. Every other man you meet these days asks you if you are "going to be there on Turnip Day."

"There" means at the corner of Thirteenth and Broadway, at the Union Savings Bank Building.

It is at that point that Jean Bedini is to take his life in his hands next Thursday at 5 o'clock, when he will attempt to catch a turnip on a fork held in his teeth, the turnip to be dropped by Col. Edward A. O'Brien from the top of the Union Savings Bank building.

Jean Bedini is doing a remarkably skillful and daring juggling act at the Oakland Orpheum these days, but there will be an added thrill to the performance he is to give on Turnip Day next Thursday at 5 o'clock, when nobody who loves a thrill should miss.

WHO IS BEDINI?

Jean Bedini is a tall, stocky, well-built Frenchman, who has brought the art of juggling to so fine a point that he is a science. He has a big barrel turned up, in sleeve, on the turnip catching fork, is undoubtedly the most extraordinary thing he attempts.

Take a peek at Jean Bedini any night at the Orpheum stage and you will see at a glance how the character of the man has made it possible for him to attempt so dangerous and thrilling a feat as this turnip catching affair.

Notice his cool, quiet gray eyes and the keen sparkle in them. Observe how sure-footed and sure-handed he is at every turn in a series of juggling feats which he undertakes on the stage. Notice his splendid physique, his well-toned head, his powerful muscles, and, having done this you will understand how it is possible that such a giant can stand at the base of a skyscraper, holding a fork in his teeth, later to catch, on the prongs of this fork, the big turnip that will be dropped from the top of the building.

The TRIBUNE hopes that Bedini will accomplish this turnip catching feat. It sincerely hopes that his features will not be mangled by the turnip, that he will not lose his eyesight or any part of his anatomy.

BUT YOU NEVER CAN TELL.

I take this means of again thanking the many friends who evidenced their confidence in me by giving me their votes at the primary election, and in asking their continued support. I have but one pledge to make to them, and to the public generally, and that is, that if elected, I will devote all of the energy and all of the ability of which I may be possessed in an honest endeavor to carry out the spirit as well as the letter of our new charter, and to give to our city an honest, fearless, economical and progressive administration of its affairs. And in this connection I may add that the public improvements now under way and contemplated have my hearty approval and will receive my unqualified support.

The increased revenue for the year will be \$6000.

GOVERNOR JOHNSON SIGNS THE STETSON AND TYRRELL BILLS

Oakland Manages, Controls and May Use Valuable Water-front Property

SACRAMENTO, May 2.—Governor Johnson today signed the two bills passed at the late session of the legislature, giving Oakland control of two important sections of her waterfront which, for many years, have been either in the hands of private parties or lying idle and unimproved.

One of these bills was introduced by Senator Stetson of Oakland and referred to territory in the harbor of Oakland east of Sessions' Basin and following the lines of the estuary of San Antonio to the bay of San Leandro.

The other measure was framed by Senator Tyrrell and covers the territory on the western waterfront, between the moles of the Southern Pacific and Key Route systems of railroads.

MEANS MUCH FOR CITY.

This means a great deal for Oakland. That city is now at liberty to go ahead with the improvements which it had long desired to make in those sections of the city, but which is powerless to carry on with any degree of satisfaction until the dominance over the same could be established.

In making up his mind to sign these bills, Governor Johnson exercised the greatest care. He has had them under consideration since the adjournment of the legislature, nearly a month ago, regardless of the fact that, prior to their introduction, when he was informed of the purpose they had in view, he informed the attorney-general of the features which it would be essential to introduce into them in order that, while the tide lands in question might be placed under the control of Oakland, they might also never be alienated from the State of California.

NEW YORK SCHOOL TEACHERS NOW BELIEVED TO BE AMONG DEAD OF NEW JERSEY DISASTER.

EASTON, Pa., May 2.—There is no longer doubt that Miss Marion Brown and Miss Margaret Jones, both of Utica, N. Y., who had been counted among the survivors of the wreck of the teachers' special train at Martins Creek, N. J., are dead.

Relatives of both are in Easton. They say neither young woman has been home since the wreck, and as they are not at the hospital or at any hotel in this section, it has been concluded that they perished in the fire that followed the

MAYOR WORKED HARD.

More than five years ago Mayor Mott entered upon this work in connection with the attorney of Oakland, J. W. Stetson. He ascertained that the lands in the estuary were practically under the control of private corporations which professed to own the same under a patent granted to a man named Stratton, many years ago. These occupants were convinced by the Mayor that their claim to the lands was not valid. He told them that it was the purpose of the city of Oakland to secure control over the territory and then lease it at a nominal rental to the then tenants and those who might come after them, for a limited number of years. He knew that all the tenants were enterprise corporations, giving employment to several thousand men, and that they ought to be encouraged to remain with their several enterprises in this city. His appeal was agreed to and, finally, after a number of appeals to the law makers at the late legislature, the bills referred to were adopted and now by the signature of the Governor have become a law.

WORKS EARNESTLY.

No man ever worked harder to carry out project for the betterment of Oakland than did Mayor Mott in this connection. His earnestness alone was able to win over some of the legislators, who felt that these lands should always remain in the name of the State. Mayor Mott, however, showed that in such an event they might lie idle and uninhabited.

HARVARD-YALE TEAM TO MEET BRITISHERS

BOSTON, May 2.—Information received at Harvard University from England indicate that the question of a challenge from Oxford and Cambridge for a dual athletic meet in July between the English universities and a Harvard-Yale team is nearing a decision.

There is said to be some doubt about Oxford not being willing to participate in such an event. But in case Oxford should decide not to take part, Cambridge is likely to challenge alone.

MAN IS SUICIDE; SCORE MISSOURI'S WIFE IN HOSPITAL MANY INSTITUTIONS

Body of H. G. Cornell Found; Widow Hurt in Accident.

SACRAMENTO, Cal., May 2.—H. G. Cornell committed suicide in his room in the Hotel Sacramento some time on Sunday, his body being found yesterday. Until late last night the coroner's authorities searched for Mrs. Dolly Cornell, the widow, in the Sisters' hospital, where she is confined as the result of an automobile accident on Sunday night. Her condition is such that she has not yet been told that she is a widow.

Cornell was an organizer of the Western States Life Insurance company of San Francisco, and returned from a week's trip in Nevada on Saturday night. While he was gone, his wife went to live with Mr. and Mrs. F. H. Sturges, who visited him in his room for a short time on Sunday morning. He expected to return to Nevada on Sunday night. The two are said to have had differences.

A "suicide note" left by Cornell read as follows:

"Bur me in potters' field. Don't mention that I am a Mason. Tell my sister, Mrs. W. H. Blackson, R. F. D. No. 3, Terre Haute, Ind., I die from an accident."

Definite action on Colonel Armes' plans will be taken before the congress closes.

DENVER UNION FREIGHT HANDLERS WALK OUT

DENVER, May 2.—Union freight handlers in the local yards of the Union Pacific, Denver & Rio Grande and Colorado & Southern roads walked out last night. The cause of the strike is alleged discrimination against union men. According to union officials, about 250 union men walked out, taking with them seventy-five non-union workers.

ACCUSED WIRELESS HEAD TO BE RE-TRIED

NEW YORK, May 2.—A new trial of Christopher Columbus Wilson, president of a wireless company, and his six associates, who are charged with misuse of the mails, was ordered today by Judge Martin in the United States District Court. Prejudice on the part of one of the jurors was shown yesterday and the entire jury was discharged this morning.

On Tuesday Wilson left home and has not so far returned. He is described as five feet five inches tall, medium build, and dark brown hair.

WHITE SLAYER GETS

THREE YEARS IN PRISON

\$42,800 PAID FOR BOOK; ONCE SOLD FOR 68 CENTS

PORLAND, Ore., May 2.—Three years in McNeil's Island federal prison was the sentence pronounced on Charles Peters, a Greek white slaver convicted on one count by a federal trial jury Friday. Peters brought into this state Monday from a Redding, Cal., girl, and was accused her that she had become hopelessly insane.

Because the girl had lost her reason for prosecution could not be before the jury, many mitigating facts showing the intentions of Peters in bringing the girl to Oregon. Taking advantage of this, the attorney for Peters tried to argue that, although what he did was a very light one, which should be rewarded by the court with extreme leniency.

In pronouncing judgment Judge Bean declared that there was nothing in the case to mitigate the crime and that the fact that the hapless victim had lost her mind completely should not prevent a court of justice from meting out due punishment.

Bidding was started by Miss Greene, who nodded her head when the auctioneer called for an offer of \$60,000, advanced to \$10,000 by Smith and then to \$30,000 by Livingston.

From that time on the bids rose by thousands until \$33,000 was reached. The bidding was stopped on and the duel was left to Smith and Miss Greene. The goal of \$42,800 was reached by advances of \$500 and finally of \$100.

Sight-Hearing--Feeling

—as applied to motor cars

YOUR opinion of your motor car after you have used it for some time will be simply a composite of many impressions gained from day to day.

Impressions come through the senses. Three senses—Sight, Hearing and Feeling—will telegraph to your brain a continual stream of impressions concerning your car.

For a car that will appeal to your sense of sight, consider the Chalmers. Here is a car of more than first-glance satisfaction in line and finish. The Chalmers has symmetry—the quality of beauty which endures. The Chalmers car is a harmony—the result of the engineer's right mechanical design—of the draughtsman's cunning with lines—of the workman's and the finisher's skill with materials.

A love of beauty dwells in every person. The automobile buyer who selects a car which has beauty that is deeper than paint, will be better satisfied with his purchase at the end of a year than the man who buys another sort of car. He may not stop to analyze why, but it will be true.

Chalmers cars have beautiful lines. Moreover they are well finished. All the little details which make the difference between a just ordinary job and a first-class job are well taken care of.

Good cars appeal to the sense of hearing more by the absence than the presence of sound. The

Chalmers cars appeal to the eye—the sense of sight; they appeal to the ear—the sense of sound; they give riding ease to the whole body—the sense of feeling.

They have, of course, proved their mechanical fitness through their victories in all kinds of contests, including the Glidden Tour, and through service in the hands of 14,000 owners.

The Chalmers will always look good to you, will always be comfortable, and it will endure.

BEAUTY COMBINED WITH UTILITY IN STRUCTURE

Seventeen Story Building of White Stone to Overlook the City of Oakland.

PRISONERS TO OCCUPY CELLS ON TOP FLOOR

Electric Lights to Outline Exterior of Splendid Municipal Edifice When Completed

Plans for the new \$1,000,000 city hall submitted by the New York firm of architects, Palmer & Hornbeam, in the prize contest some months ago, were considered by the architects as giving a building of too squat a structure, and their plans were revised to add two more stories to the building without increasing the cost. The revised plans have been received in Oakland, including large drawings showing the details of ornamentation.

The addition of two stories to the building will make it the tallest and most imposing sky-scraper in Oakland. It will be seventeen instead of fifteen stories in height. The floor space permitted by the old plans will ample for the needs of the various departments of the city administration, and allowed room for expansion, but the two floors that have been added will materially increase the value of the building in increasing its life of usefulness.

LIKE OFFICE BUILDING.

The new city hall combines the low and solid classic building, which has been the conventional type for municipal and state buildings, with the modern type of office building, with efficiency, splendid lighting facilities and economy of ground space.

The low, classic base, comprising two stories, will be surrounded in lieu of the conventional dome, with a seven-story office building. This again will be surmounted by a cupola carrying a huge glass globe light to flash the hours at night. In addition to the globe light clock, there will be sweet chimes to sound the hours. A tall flagstaff will aspire heavenward above the globe.

The lower classic structure will house the council chamber, law offices, and other legislative, administrative and judicial departments. It will also contain the police and fire departments. The office structure will be devoted to the municipal departments, including the board of public works, engineering department, board of health, city laboratories, street department, department of public supplies, park commission, playground commission, city clerk and offices of the city attorney, school superintendent and other city officials.

JAIL IN TOP STORY.

On the top floor will be the city prison, and a blind elevator will lead from the police department and courts on the ground floor to the top, or prison floor. The jail will be of the most modern type, and will be absolutely safe and sanitary. Special wards will be provided for emergency cases, for women, for prisoners held in detaine, as well as the general chain gang quarters and the individual cells.

The first two floors will cover the whole large site of the hall west of the line of Washington street extended and extending from Fourteenth to Fifteenth streets. The facade will show a spacious entrance from Washington street, with an imposing granite staircase approach. Columns will flank the entrance, and pilasters will furnish decoration for the front and sides. The windows will give this low structure the appearance of having a lofty interior.

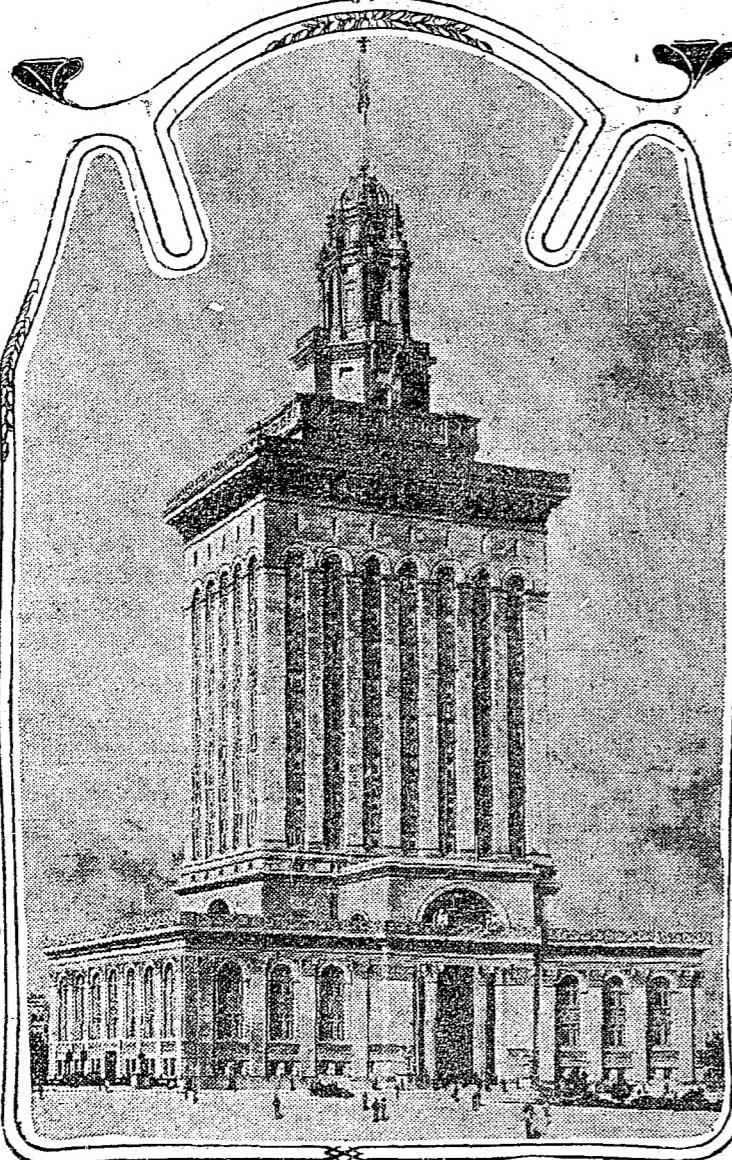

BUILT OF WHITE STONE.

The entire edifice will be of white stone—three kinds of stone, including marble and granite, being specified by the plans for the building. The effect will be that of the famous classical structures of the old world, so far as the lower portion of the building is concerned, as these two lower stories will have but little decoration.

The appearance of height in the business building surrounding the classic structure will be accentuated by the towering windows running almost the full height of this portion of the building. The office building conforms to the most modern ideas in providing ample light, air and sunshine for the various departments to be housed in this portion of the edifice.

The skeleton of the building, and all its furnishings will be fireproof. The interior fixtures will be of bronze. In addition to this, an automatic sprinkler

CITY HALL PLANS COMPLETE ADD HEIGHT TO THE BUILDING

Revised Design of the \$1,000,000 City Hall to Be Constructed by Oakland Municipality. The building will be 17 Stories High, Ending in a Cupola, with a Flagstaff Surmounting a Huge Electric Globe. The Globe will be at the Apex of the Tower, and will Signal the Hours of the Night, Just as Chimes in the Tower Will Strike the Hours by Day.

will be installed, which will flood the building in case of fire, and mains from the high pressure salt water system will be run into and through the structure.

ELECTRIC LIGHTING.

The electric lighting will be arranged on an elaborate system, which includes light for the electric globe above the cupola, and four huge searchlights hidden above the roof corners on the flat understructure. These lights are planned to throw their rays upward along the white tower for night celebrations.

The building will be permanently outlined in incandescent lights for the same purpose. The building will be visible when lighted for miles around, and will be one of the most imposing sights in any Western metropolis.

The excavation for the building is under way, as the entire site for the structure has been cleared. It is expected that the excavation will be completed by the time the material for the foundations and superstructure arrives.

The old City Hall will remain as at present until the new edifice is completed to such a point that it will be possible to move the departments now housed in the old buildings to the new. The old building is in the direct line of the extension of Washington street to San Pablo, and proceedings have already commenced for the condemnation and extension.

There are twenty-seven contracts to be let, and it is anticipated that there will be over 800 bidders. Bids will be received by the Board of Works May 22, and contracts will all be let by June 1.

CONSIDER RECIPROCITY.

WASHINGTON, May 1.—The Senate finance committee gave formal consideration to the Canadian reciprocity bill today, the full meeting of the committee being postponed until tomorrow.

SALE TOMORROW OF DESIRABLE SITES

Recent Fire and Contemplated Impovements Add Interest

The big Real Estate Auction Sale to be held tomorrow of half million dollars worth of choice business property around the \$2,000,000 Bankers Hotel, has created a further interest on account of the big fire Monday morning, which consumed the old Dewey Theater or Skating Rink, and Dixie Opera House from Twelfth and Thirteenth streets.

These are two of the old landmarks of the city.

This section being relieved by this fire, affords relief to the property owners in the district.

The announcement by the owner, Mr. King, that he will build three to six-story class buildings at once has created an added interest in properties to be put up at auction, which is opposite and in the block adjoining the one destroyed a short time ago, which, with the fire of yesterday, removes the last old landmark in this section of the city.

The remainder of the property fronts on Thirteenth and Fourteenth streets, and opposite the new \$2,000,000 Bankers Hotel, now nearing completion.

80 YEARS OLD WITH VOICE OF A BIRD

Colonel Sam Holdsworth, "The Grand Old Man," Delights Audiences at the Bell With His Singing.

It is a most unusual thing to see a man of the venerable age of Col. Holdsworth upon the vaudeville stage, and it is more unusual for one even of far younger years to be fortunate enough to possess a voice of the clearness and sweetness of that with which the colonel is delighting the audiences at the Bell Theater this week.

It is a unique distinction to be the oldest professional tenor now living, yet the colonel is entitled to the rank, and three continents have marveled at the wonderful singing voice he possesses, and is delighting the audiences at the Bell Theater this week.

No single act has aroused the enthusiasm like the colonel is stirring up for every one seems delighted to honor the years, the prestige and the art of this "grand old man."

FIFTY MILLION DOLLAR BANK ASSETS

AND

BANK AND OFFICE BUILDINGS HAVE FIXED OAKLAND'S BUSINESS CENTER

Chicago's center is only six blocks from its original trading post.

London's central square mile has not shifted in over one thousand years

The heart of New York settled prior to 1661 is still the business center.

Paris started on an island in the River Seine—the center of Paris is still on this island.

CONSIDER THESE FACTS

Business, however, expands and values increase from a fixed center. Oakland's center is already fixed by its 300,000 trading population in addition to the above photographs. On May 1st the Security Bank starts its eight story \$300,000 office building at Eleventh and Broadway. Another anchor has been cast in the two million dollar eight story Bankers' Hotel of five hundred rooms (the Palace Hotel in San Francisco has 647), and costing nearly as much as the entire group of buildings pictured above, around and opposite which only nine extra large business lots (including five corners) will be sold at Public Auction next Wednesday, May 3d, offering an opportunity to obtain a select business holding in the rapidly expanding trading center of a community of 300,000 population, which, when the twenty million dollar electric railway systems now under construction are completed and centralized in Oakland will increase this city's trading population to over half a million people. Mr. Laymance, under whose auspices this sale is to be held, says that in his experience of over twenty years in the real estate business in Oakland, never has there been such property of established values offered at auction, and with the fact that Oakland, with its 150,000 population in present city limits, is building more in value per annum today than San Francisco did ten years ago with a population of over 300,000 people, is evidence that Oakland's center will expand and increase the same.

A guaranty of the security of an investment of this character is evidenced in the truth that the value of the centrally-located business property in the twenty-seven leading cities of the country is about equal to that of all the railroads in the United States. The land upon which some of the above buildings now stand sold for \$600 to \$800 per front foot 18 years ago. TODAY Oakland is infinitely more important, commercially, than she was then. TOMORROW will present an opportunity to buy such holdings as have not been offered at auction in 18 years, and will probably not be offered for 18 years to come.

Stockholders' opinions differ. Many ownerships mean different conditions. Land is difficult to divide satisfactorily. Cash is a common medium and satisfies all. The company has ordered us to sell the property. Its future is beyond question. Anchored to a 100 million dollar business center—its value buoyed and impelled by millions of dollars in new buildings, railroads and water front improvements—under direct influence of the new two million dollar Bankers' Hotel, to which it lies opposite. We say that those who are fortunate enough to procure one or more of the 9 pieces will see history repeated with ten fold rapidity. At our office at 2 P. M. tomorrow.

YERBA BUENA SCENE OF SUCCESSFUL MAYDAY FETE

Charming Maids and Matrons and Ideal Weather Grace the Occasion.

CHARITY BENEFITS BY PRETTY LAWN PARTY

Samoan Tea Garden Particularly Attractive Feature of the Affair.

The May day garden fete given yesterday on Yerba Buena Island by the wives of the naval officers was one of the most delightful affairs ever given in the bay cities. Although there were a few clouds to mar the sunshine, the weather was in all, balmy and warm for an out-of-doors party, with scarcely a breath of wind stirring on the island.

The fete was given for the benefit of Institute families of United States sailors and marines, and, from a financial standpoint, it was a great success. The beautiful terrace lawns and flowered walks fronting the officers' homes, with the marine view on all sides, proved an ideal setting for a garden fete. Strung across the

lawn and terraces were flags of all nations, with the large American flag of the station conspicuously centered.

Although complete returns of the fund realized have not yet been received by Mrs. Moore, wife of the commandant, it is known that over 400 tickets were sold for the affair. The various booths presided over by the officers' wives were attractively arranged and conveniently located.

TEA ROOM EXQUISITE.

The tea room, fitted up on the broad veranda of Captain C. F. B. Moore's home, the commandant, and presided over by Mrs. Moore, was especially attractive. It represented a Samoan home and was hung on all sides with the Samoan "fine" mats and tapas, hand-woven and bordered with the priceless red feathers of the Samoan Islands. Samoan fans, eucalyptus branches, potted plants and hanging baskets were also used in decorating.

The little tea tables with their dainty Chinese embroidered linens, each had a dainty centerpiece of simple flowers—pancles, heliotrope, geraniums of various kinds and nasturtiums being used. It is reported this booth alone cleared over \$20.

Assisting Mrs. Moore in the tea room were Mrs. H. E. Ames, Mrs. Curtis, Mrs. W. Scott, Mrs. Stebbins, Miss Corona Giffordell, Miss Neil Rauch and others.

POST CARDS SELL WELL.

Mrs. Frederick K. Perkins, wife of Paymaster Perkins, had charge of the post card sales, and with the help of her enthusiastic assistants, sold 475 views, her entire stock on hand. Assisting Mrs. Perkins were Mrs. Amos Martin, wife of Captain Martin, who is now on the Mexican border; Miss Mae Perkins, Mrs. George E. Perkins, Miss Ruth Perkins and others.

In charge of Mrs. Charles P. Huff, wife of Lieutenant Huff, the ice cream booth

was another of the fete's attractive features, having a convenient setting on the terraced lawn opposite the band stand, and being comfortably fitted with easy chairs and decorated with flowers, ferns and flags. Mrs. Huff was assisted in selling the ice cream cones by Mrs. Linne, Mrs. R. Morris, Miss Vera Seitz, Miss Erna Herman, Miss Lucy Harrison, Miss Violet Buckley, Miss A. Ames, Miss Mildred Knob and others.

SCENES OF INTEREST.

The candy booth was successfully supervised by Miss Marguerite Ames, Miss Johnson of Boston, Miss Moore and others. The fortune-telling booth was under the supervision of Miss E. Weigle.

Band music and dancing, together with the drills of the sailors under Lieutenant Huff, and promenades about the island to various places of interest, were other entertaining features of the day.

The patronesses of the fete were Mrs. George C. Perkins, Mrs. Carol Shorb Buck, Mrs. Elsie Martin, Mrs. R. B. Schwerdt, Mrs. George E. Perkins, Mrs. W. H. Whiting, Mrs. Merrill Miller, Mrs. Frederick Kohl and Mrs. Charles Butters.

SIMPSON INQUEST HELD BY CORONER

Drowning Accident Illustrated by Judge Tappan With Miniature Boat.

ALAMEDA, May 2.—A verdict of asphyxiation by accidental drowning was returned by the coroner's jury today at the inquest over the remains of City Attorney M. W. Simpson, who was drowned in the bay Sunday afternoon. Howard Simpson, a brother of the deceased, acted as identifying witness.

Explaining the accident by means of a miniature sailboat, Judge R. B. Tappan stated that he and the city attorney were tacking up and down the channel in the auxiliary yacht Carrie L., with Simpson at the wheel.

"Just a few moments before Simpson was knocked into the water, he said to me: 'We're getting along nicely without Smiley, the sailor,'" testified Judge Tappan on the witness stand today.

When he gave me the wheel and told me he was going to jibe the ship, he shouted 'Put her over to starboard.' There were fifteen or twenty feet of rope around him. The boom shot over and the heavy rope struck him, and knocked him into the water.

The boom did not hit him. He called to me to let the small skiff loose.

HAD NO FEAR.

"Neither he nor I had any fear at this time of his drowning, because he was a good swimmer. I let the skiff loose to me to let the small skiff loose.

loose. The tide was going out. Simpson tried to swim to it, but the wind carried it away from him. Low water was over 100 feet away from him, but he swam parallel with the shore instead of toward it in an effort to get to the ship. I put the wheel hard to starboard but the boat crashed against a pile, and broke the ropes, letting the sail into the water.

"I dropped the jib and went back to the wheel. Simpson was still swimming with the boat going farther away from him. He sank suddenly. He was in about six or seven feet of water. The accident occurred at 3:05 o'clock Sunday afternoon just off the Encinal Yacht club at the foot of Grand street."

Judge Tappan stated that Simpson had spoken of the danger of getting in the way of the ropes and the boom during the cruise.

Dr. E. M. Keyes, who performed the autopsy, and John May, who recovered the body from the bay, testified.

Shall the Annexed District Be Disfranchised?

THE main issue in the coming election is centered in the burning question: Shall the annexed district be disfranchised? To give him the power to control the public patronage and distribute it among his lambs without regard to the results to the public service or the taxpayers in general, Boss Mike Kelly says it must be disfranchised. To accomplish his purpose he has nominated a ticket in which all of the territory lying east of Lake Merritt has no representation. On that ticket Kelly has enrolled a marionette as a substitute for the annexed district's unanimous candidate for Commissioner No. 4, P. C. Frederickson. The boss has, however, retained the controlling strings of his marionette in his own hands.

That part of the city lying east of Lake Merritt contains approximately seven thousand votes. Two-thirds of these votes are in the annexed district which Boss Kelly says shall be disfranchised. Will these seven thousand voters meekly submit to the dictum of the boss, or will they assert their rights and their independence of boss-rule

and resent Kelly's bold attempt to grab the patronage of the municipality through the agency of his nominee?

In assuming to disfranchise the annexed district, Boss Kelly has shown how lightly he holds a pre-election pledge and how little respect he has for its fulfillment, when its fulfillment interferes with his program of controlling the public patronage. Mayor Mott gave the annexed district the strongest assurance that if it voted to unite in the forming of a Greater Oakland, the district should be represented in the city's future government. It was in response to his appeal and promise that the district should be represented in the new government that the majority of the four or five thousand voters in the annexed district cast their votes in favor of annexation. They had unbounded faith in the mayor's word. Now is the time for the fulfillment of the promise. The annexed district has chosen its candidate to represent it as Commissioner No. 4 in the new government. The choice of the people is unanimous. They have put forward Frederickson as their representative. Through their long experience and acquaintance

with him they have come to know him as a capable business man, of sound judgment, of unblemished character and sterling honesty. They regard the pledge which was given to them on the eve of the annexation election as binding morally on the voters of Oakland, as it existed before annexation, as any bond whose conditions could be legally enforced.

But Boss Kelly repudiates the moral obligation and says "The annexed district shall be disfranchised; it shall have no representation in the new government."

The purpose of Boss Kelly in repudiating the pre-annexation election pledge is plain. The annexed district has named a candidate, and will back him to a man, that cannot be controlled by Boss Kelly or by any other boss—a man who will not stand in with Kelly and take program in the disposition of the city hall patronage, but will so be governed in the performance of his duties as Commissioner No. 4 and in the naming of appointees in the city's service that the public will be best served, as it should be. Control of the patronage is the first consideration with Boss Kelly. Everything must be subor-

dinated to that one consideration. Hence the edict is issued that the annexed district shall be disfranchised by denying it representation in the new government.

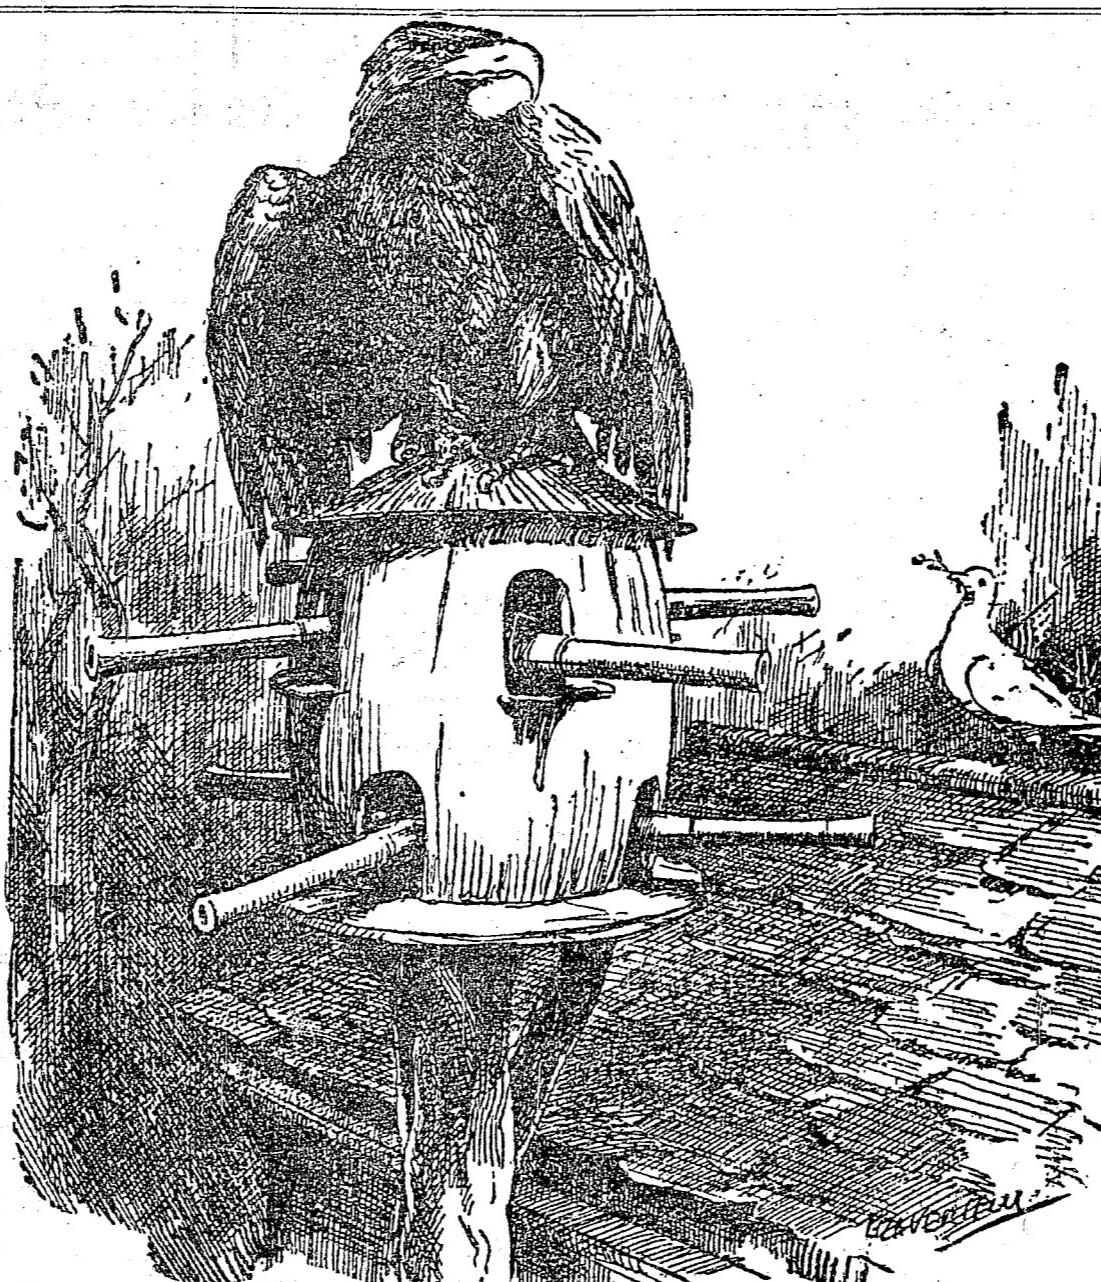

What are the voters of the city of Oakland going to say next Tuesday? At the primaries they said that P. C. Frederickson was their first choice for Commissioner No. 4 by giving him the largest vote. Will they repudiate their obligation to the annexed district by defeating the district's candidate for Commissionership No. 4, or will they rebuke Boss Kelly's attempt to put them in the dishonorable position of committing a breach of faith, by downing the candidate he has named and on whom he can rely to secure control of the public patronage and distribute the official loaves and fishes? Boss Kelly's infamous proposition to disfranchise the annexed district must be rebuked at the polls next Tuesday by giving to P. C. Frederickson, the district's candidate for Commissioner No. 4, a rousing majority. No honest citizen will so dishonor himself as to repudiate the promise that the annexed district shall be represented in the new government.

Not Electrolysis, but Old Age.

It has been decided by the Peoples Water Company's own engineers that the recent bursting of the water main on Broadway was not in any sense due to electrolysis, but to the old age of the pipes. The latter have been in the ground from thirty to thirty-five years and have simply passed the time of their usefulness. Indeed, in order to avoid the trouble due to the old age of the main, the water company has for some time past been assembling a stock of new pipes in its yards to be laid as a substitute for the worn out pipe line extending along the east side of Broadway from Eighth street to Fourteenth street. The work of renewing the pipe line will be started without delay.

The mortality from bubonic plague in the central provinces of India is appalling. Official returns show that during March 95,884 victims were claimed by the plague, and in February 43,509, making a total of 139,393 deaths from the disease in two months. The Indian Government is doing everything possible to arrest the ravages of the disease, but its efforts are neutralized by the fatalism which possesses the minds of the Hindoos.

G. Carlton Woodward, American vice-consul stationed at Dawson, Yukon Territory, in a consular trade report to the department of commerce and labor gives some interesting information on the subject of dredging for gold in the bed of the Klondike river. Gold dredging has become one of the most important branches of the mining industry in the Klondike district. In a country where the summer season is so short and the winter so long and intensely cold that dredging for gold should be possible beyond three and one-half or four months in the year is surprising. Woodward says the Canadian Klondike Mining company is dredging the Klondike river at a point eight miles from Dawson. Last year it had two dredgers at work. The two suspended operations December 18. One of them had worked 233 days of the year. One of the most remarkable facts noted, however, is that no difficulty was experienced in working the dredgers in a temperature of 20 degrees below zero. It was only when the temperature dropped to 30 degrees and 40 degrees, and remained so for several days in succession, that it became impossible to operate the dredgers successfully on account of the heavy ice forming in the pond in which the machines were moored and operating.

James Landregan of Golden Gate has returned from Plumas county, where he has been looking after mining interests. Auditor Snow says that another annexation election will not come over

Liverpool received more wheat from Argentina in 1910 than in 1909, but this was not due to an increase in the crop of that country.

The average price of red American wheat in Liverpool per 100 pounds during 1910 was \$1.895 again \$2.055 for 1909. The highest price was in January, being \$2.07, and the lowest in May, \$1.62.

The import of flour into Liverpool in 1910 was 432,576 sacks, or less than half the quantity for 1899. The reduction in the production of home-grown wheat since 1875 has been nearly 50 per cent, but this did not affect the milling industry of Liverpool, because its mills grind principally foreign wheat.

Under such changes in the supplies of flour and raw material the milling industry of the port flourished. Though the number of firms grew less, the size of the mills became larger and their equipment more modern.—Consular and Trade Reports.

PITTSBURG STRIKE SITUATION QUIET

Monists Guard Property of Railroad to Forestall Demand for Troops.

PITTSBURG, Pa., April 2.—Seven men, dressed like working men, arrived in Pittsburg on the New York Express today and entered the Pennsylvania shop. At first the men were quiet, evidently being intended to take the places of some of the strikers. Later thirty men who the shop men believe were detectives, arrived here and went to the shops.

The strikers assert that bunks are being built and a restaurant is being established in the company's buildings. Railroad officials stated that no repair work will be sent to other divisions, so there will be no occasion for the trouble spreading.

At the regular hour for work about 100 men went into the Pittsburg shops, but all ten were foremen and other workmen whom the strikers requested to remain at their work.

The shopmen last night induced the burrough council to appoint thirty strikers as special officers and these men are guarding the company's property. The strikers, however, took this action to forestall any protective demands for state troops.

NOLAN'S RELEASE RECALLS CRIME

Looting of Matthews' Home in 1903 Sent Trio to the Penitentiary.

SAN FRANCISCO, May 2.—The release on parole yesterday from San Quentin penitentiary of Michael Nolan, sentenced to 25 years for assault and robbery, together with two other men and a woman, recalls vividly to mind the crime of which the man was convicted, namely, the attack on Mrs. Emma Matthews, 543 Height street, on March 4, 1903.

The woman was assaulted by three burglars, who took \$80 in cash and \$400 in jewelry and other valuables from her home. Later, with the assistance of Ruby and Bertha Gulla and Doola Nolan, the police arrested Bernard Whitelaw, John Davis and Michael Nolan, and also took into custody Doola Nolan. All were convicted. Whitelaw was sent to Folsom for life and Davis and Nolan to San Quentin for twenty-five years each. The woman was given eight years in San Quentin.

Davis was released last year and died soon after leaving the jail, and now Nolan has been given his liberty.

34 CORPORATIONS BEGIN BUSINESS

Secretary of State Jordan Reports Healthy Business Condition.

SACRAMENTO, May 2.—Secretary of State Frank C. Jordan has issued a statement of the business transacted by his office during the month of April. License and registration fees amounting to \$34,801 were collected, making a total of \$174,157 paid over to the state treasurer since the first of the year.

No less than 384 new corporations, with an aggregate capitalization of \$42,001,750, were admitted to record, and foreign corporations capitalized at \$15,493,000 were given the right to do business in the state.

There were registered 1837 automobiles and 249 chauffeurs. The number of certified claims to trademarks issued was 122.

M'NAMARA READY FOR TRIAL

**Prisoner Tells Leo Rappaport
That He Does Not Want
Change of Venue**

Attorney and Alleged Conspirator Hold a Two Hours' Discussion

LOS ANGELES, May 2.—Ten thousand dollars was appropriated by the board of supervisors today as a fund to aid in the prosecution of the alleged dynamiters now in jail here, and was placed at the disposal of the district attorney. The sum was set aside on a simple requisition from the district attorney, and no discussion of it by the supervisors occurred.

LOS ANGELES, May 2.—John J. McNamara, chief of the accused dynamite conspirators, informed Attorney Leo Rappaport today that he did not care for a change of venue, and that the only trial he desired was an speedy one. Rappaport, who arrived from Indianapolis last night, called upon the labor leader and his brother, James B. McNamara, at the jail today and had a two-hour conference with them.

Rappaport refused to say anything for publication regarding the case of the accused dynamiters, but declared that if any faults were found in the drawing of the indictments against the alleged conspirators, he would suggest that they be corrected.

Rappaport said that until Clarence Darrow arrived, which will be some time before the actual trial is begun, he would have charge of the case, and added that whatever had been given out regarding the line of defense, whether it concerned the theory of gas or not, was not official.

"I do not intend to discuss the evidence in the case or the probable line of defense," said Rappaport. "I am, however, that neither John J. McNamara nor his brother James has any fear of the charges contained in the indictments against them."

Rappaport declined to discuss in any way the confession alleged to have been made to District Attorney Fredericks by Orville McManigal.

"In my conversation with John J. McNamara the name of McManigal was not mentioned," he said.

NOT CAPITAL VS. LABOR.

"The case to be tried is not that of capital against labor," continued Attorney Rappaport. "The court house is not large enough to try that. The trial is merely to prove the guilt or innocence of the McNamara brothers."

He declared that he will not at any time discuss the evidence and that he does not wish the case tried in the newspapers. He added that he brought no personal message to the McNamaras from their mother, as he did not see her before he left for this city.

Rappaport told a representative of the Associated Press that Clarence Darrow would be here to take part in the case.

It is thought that the defense will have made all necessary arrangements for the arraignment of the men soon after W. Joseph Ford, assistant district attorney of this county, who was arrested in Indianapolis on the charge of kidnapping the men, arrives home. Ford is scheduled to reach here tomorrow.

It is not likely that the arraignment will take place until the superior court judge, who will hear all of the proceedings in the case, has been selected. Pending Judge Hutton is giving that matter serious consideration and favors the selection of a judge to preside throughout the case, although it is not unusual in local court procedure for an arraignment to occur before a judge other than the one who presides at the trial.

DEFENSE FUND.

Andrew J. Gallagher, the San Francisco union leader, said that there would be ample funds for the defense of the McNamaras. He declared that union men of San Francisco voluntarily came to him and offered money for the accused.

District Attorney Fredericks and his assistant, W. Joseph Ford, will conduct the prosecution. Fredericks says he will not appoint any additional deputies, but also that he will not refuse help, so there remains the possibility that volunteer attorneys may later be associated with him.

**Mrs. McManigal
Is Suffering From
Nervous Collapse**

CHICAGO, May 2.—Reports that Mrs. Orville McManigal, the wife of one of the three alleged dynamiters, was to be taken to Los Angeles as a witness led to the discovery that she is in a state of nervous collapse at her home, 414 South Sangamon street. Her condition is said to be the result of worry over her husband's arrest.

Mrs. McManigal appeared greatly distressed early after the news of the arrest of the three men was made public. She grew ill, and four days ago took to bed under a doctor's orders.

"My sister has been in awfully bad shape since Orville was arrested," said William Schutz, Mrs. McManigal's brother, today.

"We haven't heard anything about her going to Los Angeles, but she could not go. She would not live through the trip. I've got a doctor's word for that. The first day she was in bed she said something about going to see Orville. The doctor told me there was no chance of her standing the trip."

**McNamara's Finger
Prints Taken in
Spite of Protest**

LOS ANGELES, May 2.—Samuel L. Browne, chief detective of the district attorney's office, took prints from James B. McNamara's thumbs yesterday. The prints, it is said, will be sent to San Francisco in order further to identify the alleged dynamiter as J. B. Bryce.

Prints of all of McNamara's fingers also were taken, and these will be compared to the finger prints which

MANY ATTRACTIVE FEATURES PLANNED FOR GARDEN FETE

Members of the Smart Set Who Will Take Part in the Ladies' Relief Society Fete Saturday Afternoon in the Foster Grounds, Corner Webster and Orchard Streets.

MISS GRACE LAYMANNE

Oriental costumes will be worn by the members of the exclusive smart set, who will preside at the fortune-telling booths in the Ladies' Relief Society garden fete Saturday afternoon in the old Foster place, corner Webster and Orchard street. Clever women will relate the past, present and future as they understand it clairvoyantly. They will be veiled and will fill the air with mysticism. The fortune-telling concession was one of the drawing cards at the Mosswood Park fete given last year.

The gates will be open at 10 o'clock Saturday morning and will close at dusk.

There will be plenty of peanuts, popcorn and home-made candy. Also ice-cream cornucopias for the children. Pony rides will be among the pastimes for the little ones. All day the little journeys will be conducted by a company of women headed by Miss Elva McGraw, who was among the first to conceive the idea of entertaining the youngsters by means of the ponies.

The society girls will impersonate sailors Saturday afternoon, a galaxy of the most beautiful women of this city will assist at the various booths, where articles of all descriptions will be distributed.

The card tournament will be the attraction for the older people in the afternoon. The games will be in charge of Mrs. H. M. Bull. Accommodations are made for several hundred guests.

Among those who will work for charity's cause next Saturday at the Foster place are Miss Marcella Brown, the society's president and chairman of the fete, Mrs. William C. Hepburn, Mrs. F. F. Weston, Miss Helen Campbell, Mrs. F. M. Cornwell, Miss Elva McGraw, Mrs. F. M. Greenwood, Miss Louise de Fremery, Mrs. Louis Gharibell, Mrs. Harry Chickerling, Mrs. J. A. Hill, Mrs. Wellman, Mrs. A. **LETTERS AND NOT
NAMES FOR TOWNS**

**Chamber of Commerce Seeks
to Have Annexed Area
Thus Designated.**

The Chamber of Commerce is making efforts to have the practice of designating the post offices in the annexed districts by their former names of Fruitvale, Elmhurst and Melrose abolished, it being the sense of the organization that Oakland is thus deprived of a great deal of publicity. Industrial plants and business firms corresponding with eastern business houses from the annexed district now have to give the names of the old towns as their address, thus not mentioning the name of Oakland in their correspondence. Manufactured goods are also sent out without the name of Oakland upon them.

Postmaster Schafer has been appealed to establish a free delivery in the outlying districts and to have all sub-stations designated by letters instead of names. In this way all mail would be directed to Oakland. Within a week Postmaster Schafer will send out an inspector, who will report the progress made in numbering houses in that section and the furnishing of receptacles for mail. When the work is accomplished the Oakland official will make a recommendation to the postal department to the effect that the much needed

change be made.

**GEORGE WASHINGTON WISE GOES
ON STAND; ACCUSED OF
MURDER.**

SAN FRANCISCO, May 2.—George Washington Wise, accused of piracy on the high seas and murder, was placed on trial before Superior Judge V. C. Fleet this morning. This is probably the first piracy case which has ever been brought to the attention of the local federal courts, and involves the sensational episode on the ocean when Captain Edward Wood, master of the steamer Buckman, was slain on the deck of his vessel in the midst of a daring attempt to hold up the ship carrying more than a hundred passengers and crew.

Postmaster Schafer has been appealed to establish a free delivery in the outlying districts and to have all sub-stations designated by letters instead of names. In this way all mail would be directed to Oakland. Within a week Postmaster Schafer will send out an inspector, who will report the progress made in numbering houses in that section and the furnishing of receptacles for mail. **GEORGE WASHINGTON WISE GOES
ON STAND; ACCUSED OF
MURDER.**

NEW YORK, May 2.—The president of a large corporation having extensive interests in Mexico gave out here today the text of a long confidential telegram, in which the statement is made that 'Rodo's military force is totally inadequate to cope with the rebels.'

"He cannot hope," continues the despatch, "to hold more than two points—Mazatlan and Culiacan—and we doubt his ability to do this much longer."

Train service is demoralized and no more trains will be run until fighting near Mazatlan stops. One locomotive and two cabooses have been pierced by shells.

Mexico City has been fully informed of the situation, but American interests are doubtful if relief will be forthcoming.

Seven more railroad bridges are reported burned and serious depredations by guerrilla bands which would recognize no authority superior to that of their leaders are complained of. Governor Rodo of Sinaloa has commanded a Southern Pacific train to carry troops.

Detectives discovered on the launch Fastime, which is said to have been used by the accused dynamiters in transporting the explosive they purchased from the powder company to print in San Francisco bay, whence it was taken to the vacant house in South San Francisco.

McNamara objected vigorously to the finger print operations, but Browne said he obtained clear impressions.

**Detective Burns
Decides to Start for
West This Evening**

COLUMBUS, May 2.—Detective Wm. Burns, who is here in connection with the legislative bribe investigation, announced today that he would leave for San Francisco and Los Angeles to-night for San Francisco and Los Angeles in connection with the trial of James D. McNamara and others in connection with the dynamiting of the Los Angeles Times building.

THERE MUST BE NO HALT IN PROGRESS, SAYS MOTTO City's Future Depends on Continuation of Present Business Methods, De- clares the Mayor

(Continued from Page 1.)

by Prof. W. E. Gibson and the porters were drawn aside, disclosing the beautiful architectural design which the professor said had been made possible by the public spirit which Mayor Mott had infused into the people, inducing them to bond themselves for the construction of a marvel of architectural achievement in municipal structures, which would advertise Oakland all around the world.

ADDRESS BY MOTTO.

After several speakers had made short addresses, Mayor Mott was called upon and among other things, said:

"One of the most promising features in the life of Oakland today, is the keen interest taken in civic affairs by such a large majority of her citizens. Looking back over twenty years, we cannot remember such a gathering as we have here today, and as this business men's club has brought together on several preceding occasions.

"Do you know that if such earnestness had been shown many years ago it would have been a great deal better for the city. As we all know, Oakland did get behind in the march of cities. We have seen her make a very bold and satisfactory start, and the year only be kept up by hearty co-operation between the citizens and their municipal government.

FUTURE OF THE CITY.

"I cannot sufficiently express my appreciation of the manner in which this Business Men's Club has supported my administration and is supporting it. Frank K. Mott, but a question of determining the future of our city, 'Progress,' not 'Mott,' is the slogan of this campaign—not a matter of an individual, but of one great principle.

CONTROL OF WATER FRONT.

"I have one very pleasing announcement to make at this time. I have received word this morning that Governor Johnson has signed the harbor front bills and that Oakland is now in absolute control of her waterfront. (Cheers.) This is one of the most gratifying events in my whole administration. It marks the culmination of the great task I have organized since my election, the able assistance of the late J. J. McElroy, and my very efficient colleague, City Engineer F. C. Turner. We can now talk in positive terms regarding Oakland's waterfront and I say it without fear of criticism, that if nothing else had been done by the present administration to acquire absolutely the control of Oakland's waterfront, it would be entitled to the credit of the most improvement, indeed Mr. Mott has inaugurated a series carrying along in a successful manner.

ELECTION A NECESSITY.

"R. D. Holmes said: "I am glad to be here today and say a word in behalf of Frank K. Mott as a necessary. I speak as a property owner. In the next few years we are going to reconstruct the government under the new charter and we will elect Frank K. Mott. His name stands out as the right man for the task. ELECTRIC STORM CREATES HAVOC

Telephone and Telegraph Put Out of Commission in New York.

NEW YORK, May 2.—A severe electrical storm made playthings of telephone and telegraph wires throughout New York State last night. The local weather bureau predicts continued high winds for the next twenty-four hours, and it is likely that communication by wire will be badly crippled.

At Ithaca a hall storm caused damage to property and the loss of one life. At Syracuse several houses were blown down and the city was in darkness all night.

In southwestern New York the wind attained hurricane velocity and wires are down in all directions today. The property loss will be very heavy. The St. James hotel at Cuba, N. Y., was unroofed and one man was killed.

WIZARD OF NILE' AT IDORA PARK SCORES ONCE MORE

AGNES CAIN-BROWN,
Idora's New Prima Donna.

Two particular stars are shining at Idora this week. The entire comic opera company gives forth lustre, for that matter, but to Agnes Cain-Brown, the prima donna with the big blue eyes, and James McElhern, with the little twinkling ones, fall the honors of the "Wizard of the Nile" production. And it is a "production"—nothing less. Staged in splendid fashion, costumed brilliantly and sung by the finest array of principals ever seen in this locality, the "Wizard" is an offering of which the Idora management and Oakland may well be proud.

Agnes Cain-Brown, known to local theater-goers only through such Eastern companies as the "Sho Gang" that have visited her from time to time, made her debut last night in the role of Cleopatra. As she showered the audience with her gorgeous voice, so was she showered with flowers. Hers is an interpretation such as is seldom heard. Blessed with tones of extraordinary brilliancy and color and gifted with a charm of expression and personality, she adds to those a brightness which may only come with varied experience. Thus one finds in her a prima donna who dominates the stage in a manner not to be denied. She is in a class quite by herself and many will be those who will be drawn to the "Wizard of the Nile" through the medium of her brilliant work.

COMES INTO OWN.

As Kibosh, the traveling magician who conquers magic eggs and the stubborn Nile, James McElhern comes into his own. His humor is irresistible. There is never a laugh in the lines or the situations that he does not dig out. Full in point of delivery, funny in whimsical smile and gesture, he turned Kibosh into a character as ludicrous as his makeup. McElhern is of the new and later-day school of comedians, and thus gives the part a twist and a quirk which causes "Kibosh" to live anew. To miss seeing him is to forego countless laughs.

Another splendid characterization is that which the big-voiced Edward Beck gives to the weather prophet. His solo work is beyond compare, and the tremendous finales for which the "Wizard" is noted now boom forth like a tube. Carl Gantvoort scored encores in his rousing "The Bubbles Are Calling" number, and Aileen Flaven as the apprentice to Kibosh was boyishly clever and, while always in the way of her master, was at all times welcome to the audience. William Herman West was royally humorous as the king, and Laura Millard every inch a queen. The work of the chorus is on a par with that of the principals.

APPLES DAMAGED.

WICHITA, Kan., May 2.—Frost did light damage to apples and gardens last night. Lowest temperature ranged from 29 to 34 degrees above zero.

HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at **MOTHER'S FRIEND** drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

Fiscal Year to Date Shown to Be \$1,551,825 Above Disbursements.

BRITISHERS BUY STATE OIL LAND

W. P. Hammon Closes Deal for Properties Valued at \$100,000.

WASHINGTON, May 2.—The Government's finances for April make a better showing than expected. Although the month shows a deficit of nearly \$1,500,000 and at one time promised to do worse, a rally in its closing days changed a deficit to a surplus for the fiscal year. The whole showing to date is \$1,551,825 above disbursements. At this time last year the Government had spent \$17,000,000 more than it had received.

Although the working balance and the general fund each have fallen about \$3,000,000, total holdings of cash were never so great. More than \$1,808,000, 000 is held. Even though the working balance is down to \$28,000,000 and the general fund to \$35,000,000 Treasury officials find no cause for uneasiness.

Both items were much less at various times last year and the Treasury ran on an even keel. The continued easy availability of the money and the call from investors from all parts of the country for Government-guaranteed securities would make it possible for Secretary MacVeagh to bring out the waiting bond issue at any time.

The Treasury will be called upon to make interest payments this month of nearly \$2,000,000. That will not be regarded as a drain, because it represents the interest on only about \$36,000,000 of the public debt. Interest on the "big loan," the \$64,000,000 refunding issue of 1900, was paid last month.

EXTENSIVE PLANS

The two purchases just made were in pursuance of plans of the British investors to secure extensive oil properties in this State. They already have such holdings of the aggregate value of \$5,000,000, which hold options on an additional amount worth about \$6,000,000. The names of the investors are not made public. It is stated they are

PROPOSE TO DAM ST. LAWRENCE RIVER

OTTAWA, Ont., May 2.—A Canadian proposal to dam the St. Lawrence river has been presented to Sir Wilfrid Laurier by the Canadian Power Company of Montreal. The proposal will be referred to a board of engineers for a report upon the effect the dam would have on navigation.

Canadian engineers recently reported against the proposed American power development at Waddington, N. Y., declaring that the development of 15,000 horsepower, as proposed, would reduce the draft of the Canadian canal system to 175 feet.

Funeral Will Be Held Tomorrow; Remains to Be Cremated.

JUDGE TAPPAN TO DELIVER THE EULOGY

Regimental Band to Precede Hearse and Riderless Horse to Follow.

ALAMEDA. May 2.—The funeral of Major Milton William Simpson, First battalion, Fifth regiment, which will be held tomorrow afternoon at 3 o'clock, from Masonic hall, followed by cremation at the Oakland crematory, will be one of the largest military funerals ever held in the bay cities.

The services at Masonic hall will be conducted by Oak Grove Lodge of Masons, and Rev. F. G. Brush will pronounce the eulogy and prayer. Judge R. B. Tappan, a lifelong friend, who was with Simpson when he was drowned Sunday, will deliver a eulogy at the crematory, and Dr. Brush will pronounce the closing prayer.

The body will be taken from the Simpson home, 1417 Benton street, tomorrow afternoon shortly before 2 o'clock to Masonic hall, where it will be viewed by the members of Oak Grove Lodge, the First battalion, Fifth infantry, and friends of deceased.

FOUR COMPANIES IN LINE.

Four companies of the Fifth regiment, the regimental band, the aide and honor guard, pallbearers, amanuensis, who will be members of the City Council, will form a line of march from Masonic hall down Park street and over the Park street bridge, where special cars will be taken to the crematory.

The hearse will be preceded by the regimental band of the Fifth Infantry and the four companies of the regiment. Active pallbearers, six sergeants from the regiment.

Major Simpson's black horse, Bob, which he rode in military parades, will follow the hearse.

LODGE MEN IN LINE.

Members of Oak Grove Lodge will come next in line. The firing of the military salute and the sounding of taps at the crematory will be followed by cremation.

The honorary pallbearers will be: Judge R. B. Tappan, Judge John Ellsworth, Judge A. F. St. Sure, Assistant District Attorney W. H. L. Hynes and Frank Otto, representing the bar; Mayor W. H. Hoy and the members of the City Council representing the city; Major Wetheren, Colonel D. A. Smith, Lieutenant Colonel E. Hunt and Captain H. Fenell Rushton McConnell, Leon Francis, Charles Sullivan and P. O'Toole, and Lieutenant Summer Crosby, representing the First battalion.

TELLS GROWTH OF PROBATION WORK

Christopher Ruess Speaks Before Channing Club in Berkeley.

"There were but two publicly paid probation officers in California in 1907, the McCloskey Juvenile Court law of 1909 raised the number to 80; and now the Griffin Juvenile Court law of 1911 has raised the number to 103. Every one of the 58 counties must have a probation officer, though the salaries in many counties are as low as \$5 and \$10 and \$25 a month."

This was the summary of the new Juvenile Court law given by Probation Officer Christopher Ruess in an address before the Channing Club at the Unitarian church in Berkeley. The speaker continued:

"In 1907 the Juvenile Court law protected the boy or girl up to 16 years; in 1909 we raised that to 18 years; in 1911 we have raised it to the full 21 years for both boys and girls. Any boy or girl under 21 arrested for crime may now be dealt with in the Juvenile Court as a delinquent, where the judge will consider, not the old rule of expiation and punishment, but the welfare of the child and the community."

"The days of terrorism and the making of criminals out of erring boys and girls by terrorism have passed; the day of reformation has come to high noon. The next step will be prevention. We ought to quit minding so many law-breakers. It is all a matter of cause and effect. We must remove the causes. This is the day of the city; we cannot escape it; we must make city-life such that it is easier for children to go right than to go wrong."

SENATE COMMITTEES MEET IN WASHINGTON

WASHINGTON. May 2.—Although when the Senate adjourned yesterday it was not to meet again until Thursday, the Senate end of the Capitol today was a place of activity. A half-dozen committees thrashed out accumulated business.

The House, in an effort to expedite the passage of the free list bill, met yesterday and again today at 11 o'clock.

Chairman Underwood of the ways and means committee today said that he hoped to get a vote on the measure Thursday. There is a disposition to question his ability to force action by that time, by a number of members who still desire to speak.

NATIVE DAUGHTERS TO GIVE WHIST PARTY

The members of Mission Bells Parlor, Native Daughters of the Golden West, will give a whist tournament tonight in the lodge rooms of the Parlor Forty-seventh street and Shattuck avenue, where representatives of the various lodges will enjoy the hospitality of the order. Prizes will be awarded to the successful players. The committee in charge is headed by Mrs. Leggett. She will be assisted by Miss Louise Straub and Mary Weber.

CAMORRIST TELLS STORY OF CRIME

Genaro Abbatemaggio Repeats Confession He Made to Police Spy.

ACCUSED MEN HURL EPITHETS AND THREATS

Former Mayor McClellan of New York Listens to Trial

VITERBO, Italy, May 2.—Genaro Abbatemaggio, on whose revelations the state has built its case against the Camorra, was called to the witness stand today to confirm what he had written in his confession made to the Carabinieri after he had been tricked into making admissions by the police spy, Marshal Capizzi.

The informer repeated his story coolly and at times eloquently, while he was assailed with the curses of other prisoners in the great steel cage. Every statement that he made was denied in chorus and when he concluded, Enrico Alfano, the alleged head of the Camorra rose and shouted:

"Abbatemaggio deserved thirty years in prison."

EXISTS IN PRISON.

The informer said the Camorra existed in a well organized form both outside and inside the prison of Italy. The first question put to him concerned his imprisonment when he entered the prison, he said, whether he was a Camorrist, and if so, whether he was a full-fledged Camorrist or a picciotto, the latter being one who has not taken the final degree in the criminal society.

Each Camorrist has under him forty-eight picciotti, or recruits, who are on probation, and who may become Camorrist proper only when they have proved their ability to commit crime without detection. The witness said this ranking of the prisoners in the society was in order that the Camorrist and the picciotti might be grouped separately and combination between the older members and the aspiring candidates be avoided. Abbatemaggio's testimony was constantly interrupted by ugly epithets from the informer.

George B. McClellan, former mayor of New York, occupied a seat in a space set apart for the lawyers. McClellan is interested in the case, as it was during his tenure of office that Lieutenant Petrosino arrested Alfano in Brooklyn and was slain when he visited Italy.

Abbatemaggio's story of the murder of Giacomo Cuocolo and his wife is also known. He claimed to have escaped this assignment by feigning illness. Long after the murders he fell in with Capizzi, to whom he confided of his ambition to be married and the fact that poverty stood in his way.

WANTED TO WED.

The police spy thereupon told him that he would furnish the necessary funds if the other would tell him enough of the Cuoccolo murders to permit him to become a member of the Camorra through the use of his knowledge.

Abbatemaggio was too late to retreat and learned that his friend was an officer of the law. After some persuasion he decided to become a witness for the state.

Of the prisoners the Priest Vito Vitozzi alone maintained his composure during Abbatemaggio's recital.

The informer named Corrado Sortino as one of the actual assassins of Cuoccolo and Sortino was summoned from the cage to confront his accuser.

Standing before the bar, the Carabinieri between them, the two men glared at each other for a moment, when Abbatemaggio continued.

He surprised all by his graphic description of the murder and, going into minute details, gave the day and hour of each event from its inception to the commission of the crime. He declared that everything Sortino had said in his examination was false. Occasionally when interrupted he bowed with mock deference to Sortino and remarked:

"But you know better than I do, as you were there."

Goes Into Detail.

Abbatemaggio then took a penholder and used it as a weapon to illustrate the knife thrust that ended the life of Cuoccolo, when Sortino interrupted.

"It is impossible to murder any man when holding a knife as you are holding that penholder."

In this scene the informer found himself uncomfortably near the angry prisoners, and protesting to the court, was permitted to change places with Sortino.

At the conclusion of the session, when the prisoners, handicapped and chained, were taken from the courtroom and placed in prison vans some of them, who had been in America, appeared to recognize Mr. McClellan, and one, addressing him in English, said:

"We are innocent."

DISCUSS WELFARE OF THE CHILD

Senate Committee Plans to Send Bill Through on Fly.

Merchants' Association of San Francisco to Tour Valley.

SAN FRANCISCO, May 2.—The Merchants' Association as completed plans for its third wholesale trade extension excursion. On Tuesday evening, May 16, a special train of twelve cars will leave the Oakland mole for a tour of the Sacramento valley as far north as Klamath Falls, Oregon.

This will be the longest trip yet undertaken by members of the Merchants' Association. Nineteen cities and towns will be visited and 400 retail merchants will be interviewed by men at the head of San Francisco's prominent business firms. More than 100 firms have already, and many of the city's banks will be represented on the tour.

William R. Wheeler, manager of the traffic bureau of the Merchants' Exchange, and Charles S. Fee, passenger traffic manager of the Southern Pacific Company, will accompany the merchants.

All of the big cities and towns in the northern part of the State will be visited. After leaving San Francisco on May 16 the party will stop at Oroville, Marysville, Gridley, Chico, Red Bluff, Anderson, Redding, Klamath, Dunsmuir, Shasta, Weeds, Montague, Siskiyou, Yreka, Corning, Willow, Colusa, Woodland and Sacramento.

On Sunday, May 21, the party will spend the day on Upper Klamath lake on a specially chartered steamer.

POINTS TO LOSSES.

Under Democratic tariff laws losses of more than \$8,000,000 were suffered by the stock interests of the United States, said Representative Mondell of Wyoming today, when the House of Representatives resumed consideration of the free list bill.

"The purpose of the committee," said Senator Penrose, who today assumed the chairmanship, "is to press the reciprocity bill to a speedy end."

After next Monday the committee will meet daily and sit throughout each day, but during the remainder of the present week the meetings will be desultory.

BUICK VICTORIOUS IN HILL CLIMB

Makes New Record in Toll House Event; Buick Red Bird Second.

FRESNO, May 1.—E. S. Waterman, an eighteen-year-old Fresno boy at the wheel of the Buick 26, won the Toll-House-to-Armstrong-Hill climb today in the fast time of 22 minutes and 48 seconds, clipping two minutes and six seconds from the record of 24 minutes and 54 seconds made by the Dorris two years ago. A. J. Hudson drove the Dorris over the mountain roads under favorable conditions, while today the route was muddy and in all-around bad condition. Fifteen cars started. The Dorris, Mitchell and Buick 17 did not finish. Five others cleared the record made by the Dorris. The Buick "Red Bird" crossed the line three seconds behind the winning car. The Winton Six was third in 23:40. Locomobile fourth in 24:16 and the E-M-F fifth in 24:26.

With his record-breaking drive with the Buick 26 Waterman won the free-for-all from the Winton, Locomobile and E-M-F and also captured first honors in the Class A event, beating seven cars. The Buick 26 cleared off the \$400 purse given by the Fresno automobile dealers. The Elmore 36 won the Chancellor-Lyon cup and the Winton Six captured the Fresno Republican trophy. The Elmore finished alone in Class B. Two thousand people saw the hill climb.

Free-for-all—Buick 26, E. S. Waterman, driver, first; time, 22 minutes 48 seconds. Winton Six (Kratzer) second. Locomobile (McKelvey) third. E-M-F (Eckmier) fourth.

Class A—Buick 26 (Waterman) first. Buick 32 (Falloway) second, E-M-F (Eckmier) third, Ford fourth. Reo fifth. Overland sixth. E-M-F seventh. Elmors eighth. Time, 22:48.

Class B—Won by Elmore 36 (Hobson). Time, 24:08. Kissel Kar, Mitchell and Buick 17 did not finish.

Class C—Winton (Kratzer) first. Locomobile (McKelvey) second. Time 23:40. Distance, 7.5 miles.

MAN IS SELECTED FOR BERLIN POST

President Taft Communicates Name to Kaiser, But Keeps It Dark.

WASHINGTON, May 2.—President Taft has communicated the name of the man whom he has tentatively selected for the post of ambassador to Germany to the German foreign office. Taft has conveyed no intimation to his friends here of the identity of Dr. Hill's successor. If the selection is entirely satisfactory to the German government the member of the senate foreign relations committee will then cause it to be made practically certain that the vacancy in Berlin is to be filled by a shift in the diplomatic service. Those who are most closely posted on the situation are Thomas J. O'Brien, ambassador to Japan; John G. Leishman, ambassador to Italy, and Charles H. Sherrill of New York, minister to Argentina. Leishman, who is a close personal friend of Senator Knox, is regarded as the most likely choice.

HARRISON TO SEEK ALIEN COMMISSIONER

CHICAGO, May 2.—Chicago faces a possibility of gaining a health commissioner, to be outside the city. Weary of the wrangling factions in the Chicago Medical Society, Harrison has been busily considering going to the United States Health Service for his health commissioner. This is one reason he did not send the name of the new health commissioner to the council last night. The surgeon-general of the Federal Health Service receives a salary of but \$500 annually. The Chicago birth pays \$600.

GASOLINE LAUNCH SUNK. VALLEJO, May 2.—The Marguerite, a gasoline launch, sank at the Georgia Street wharf yesterday morning, obstructing the entrance to the Solano Aquatic Club's harbor for several hours. The launch was caught by the tide and forced beneath the wharf. Luckily no person was aboard at the time. The damage will amount to about \$500.

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

MRS. William Dougherty, wife of General Dougherty, whose beautiful home in East Oakland is the center of much entertainment, will give a smart luncheon on Thursday afternoon when she will entertain fourteen members of the local fashionable set.

A hostess of note was Miss Elmer Parker, fiancee of Mrs. Ernest Alvan Heron, who entertained at the latter's residence at a prettily appointed home in honor of Mrs. Frank Miller, of Racine, Wis., who is visiting here for a few days.

SMART TEA.

Mrs. Edythe Deane gave a tea Monday at the Palace hotel in honor of Mrs. Grace L. Wells, of Chicago. Mrs. Wells, who, by the way, is a sister-in-law of Mrs. Selby Hannah and Mrs. Charles Huse (nee Juanita Wells), has been the guest of Mrs. Louis Kalinsky of this city.

Mrs. Wells has been entertained extensively at numerous homes during her short stay here, and leaves tomorrow for Byron to rest up before returning east.

Among the invited guests were Mrs. B. L. Russell, Mrs. C. G. Geiss, Mrs. L. Kalinsky, Mrs. James G. Stevens, Mrs. W. C. Bancroft, Mrs. L. Nichols, Miss Ida Pierpol and Miss Edith McCrossman.

The decorations were orchids and sweet peas, and at each card was an exquisite corsage bouquet of orchids.

MRS. CHARLES BUTTERS, HOSTESS.

Mrs. Charles Butters will give a theater party on Wednesday afternoon when the guests will cross the bay to attend the performance of "Madame X" which Sarah Bernhardt will give at the Columbia theater.

WEDDED THIS WEEK.

The marriage of Miss Edna Cowie, daughter of Mr. and Mrs. George Cowie, and Lawrence Knox Marshall, is to be solemnized on Saturday evening of this week at the Church of the Advent, with the Rev. Jerome Trivett as officiating clergyman. Miss Charlotte Cowie is to attend her sister as maid of honor, and Miss Little Marshall, sister of the bridegroom, will be bridesmaid. Reginald Marshall will act as best man for his brother.

BRILLIANT CLUB BREAKFAST.

The Twentieth Century club annual breakfast today was a brilliant function attended by several hundred club women, who gathered at the Hotel Carlton. The tables were artistically decorated, the center one, where the club officers were seated, being beautifully decked in white hawthorne, while a miniature May pole formed the center piece. Following the menu a program of songs and dances was given by a dozen members of the club who appeared in a "spring dance." The musical numbers were given by the choral groups, directed by Mme. Sofia Neustadt, who appeared in costume. The local committee making the arrangements for the occasion includes Mrs. Stephen Koffler, Mrs. F. J. Solinsky, Miss May Hubbard, Mrs. R. A. Berry, Mrs. C. E. Merrill, Miss Katherine Birdsall.

VISITING IN WHEATLAND.

Mrs. Samuel Haight of Berkeley is visiting her parents at the family home in Wheatland and will not return to the college town for some time.

WEDDED THIS MONTH.

Miss Georgette Marsily, daughter of the counsel for the Netherlands, George J. G. Marsily, and Mrs. Marsily, has this week announced the date of her wedding to Searle B. Nevius for Wednesday evening, May 24. The affair will be a beautiful planned ceremony, the colors scheme being white in both the gowns of the bride and the house decorations. Miss Maybelle Miller, the bride's cousin, will be the maid of honor and Miss Rita and Miss Claire Andre of Berkeley will be the flower girls. Rev. Jesse Smith, grandfather of the bridegroom, will be the officiating clergyman.

Young Nevins is a graduate of the State University and is a civil engineer. He is prominent in club circles.

LARGE RECEPTION.

Mrs. Charles S. Houghton will entertain at a large reception tomorrow afternoon when nearly 400 guests from the bay cities have been asked to call. The motif for the "at home" is Mrs. Houghton's daughter, Mrs. Theo Seymour Hall, who, with her husband, has returned from the Hawaiian Islands, where she has been living since her marriage. As Miss Ruth Houghton is the only child of the family, the affair will be one of the largest social events of the spring. Mrs. Houghton will be assisted in receiving the guests by Mrs. Harry Chickering, Miss Florence Henshaw, Mrs. Charles Triple Hutchinson, Mrs. Charles Bates, Mrs. Henry Ray Sander, Mrs. William Purdon White, Mrs. William Volkmann, Mrs. Stuart Hawley, Miss Jessie Reed, Miss Johanna Volkmann, and Mrs. Thomas Knobles.

MRS. SAMUEL HAIGHT of Berkeley, Who is Spending the Week at Wheatland.

and India. They will go first to Nagasaki. A large party of friends will be present on the affair. Among this afternoon's guests were Mrs. Maurice Walsh, Mrs. Murray Orrick, Mrs. Irving Burrill, Mrs. Frederick Deckermann, Mrs. John Louis Lohse, Mrs. Hiram Hall, Miss Edith Beck, Miss Myrtle Sims, Miss May Coogan and Miss Carmen Sutton.

BRIDGE CLUB MEETS.

The Monday Bridge Club will be entertained next week by Mrs. Andrew Mosley at her home on Madison street. Preceding the bridge game the members will be entertained at luncheon.

COMPLIMENTARY CARD PARTY.

Mrs. John J. Valentine and Mrs. Walter Starr have sent out cards for next Thursday afternoon when they will entertain at the card tables for Miss Charlotte Hall, whose marriage to James P. Kenny is announced for the 15th of the month.

LUNCHEON.

Yesterday afternoon Mrs. T. F. Glynn of Oakland entertained a number of friends at a delightful May Day luncheon and card party, "five hundred" being the game.

RETURN TO OAKLAND.

Mr. and Mrs. James F. Barry, who have been traveling through the south on their honeymoon, have returned to this city and are living at their new home on Eleventh avenue. Mrs. Barry was formerly Miss Minnie F. Mahoney and is a niece of the late James C. Mangan, well known in local business circles.

HOSTESSES ON SATURDAY.

Thirty members of the Tea Club of Alameda gave a very enjoyable May Day luncheon at the Forum cafe yesterday afternoon. A diminutive Maypole graced the center of the large round table, from which depended green and blue ribbons, the club colors, attached to small baskets filled with maidenhead ferns and yet.

Among those present were Mrs. T. F. Glynn, Mrs. Roy L. Newkirk, Mrs. S. A. Pratt, Mrs. F. C. Masson, Mrs. L. W. Crosby, Miss Colette Glynn, Jessie Pratt, Beryl Masson, Consuela Creed, Miss Nicasia Creed, Miss Elwyena May Crosby, Miss Janet King.

MAY DAY LUNCHEON.

Mrs. Charles S. Houghton will entertain at a large reception tomorrow afternoon when nearly 400 guests from the bay cities have been asked to call. The motif for the "at home" is Mrs. Houghton's daughter, Mrs. Theo Seymour Hall, who, with her husband, has returned from the Hawaiian Islands, where she has been living since her marriage. As Miss Ruth Houghton is the only child of the family, the affair will be one of the largest social events of the spring. Mrs. Houghton will be assisted in receiving the guests by Mrs. Harry Chickering, Miss Florence Henshaw, Mrs. Charles Triple Hutchinson, Mrs. Charles Bates, Mrs. Henry Ray Sander, Mrs. William Purdon White, Mrs. William Volkmann, Mrs. Stuart Hawley, Miss Jessie Reed, Miss Johanna Volkmann, and Mrs. Thomas Knobles.

IN HAWAIIAN ISLANDS.

Mr. and Mrs. Arthur Goodfellow are spending their honeymoon in the Hawaiian Islands, where they will remain for a couple of months. Later they are planning to visit Mrs. W. S. Goodfellow at the family home in East Oakland, and the latter will give an elaborate reception in compliment to her son's wife.

Mrs. Arthur Goodfellow before her marriage was Miss Katherine Corrigan.

MISS EVELYN ADAMS, HOSTESS.

Miss Evelyn Adams entertained the members of one of the smaller bridge clubs today at her home. Miss Glenn Edwards, a visitor from Los Angeles, who is visiting Miss Adams,

SAIL TOMORROW FOR ORIENT.

Dr. and Mrs. Samuel Tevis leave tomorrow on the Siberia for tour of the Orient. They will be gone from Oakland six months and will spend considerable time in China, Japan

LADY DECIES' TIGHT SKIRTS FROWNED ON BY QUEEN

Many Frocks of Pretty American Bride Will Have to Be Remodeled.

Salary Withheld From Actress Who Refuses to Rehearse Stage Kiss.

London, May 2.—Everybody who has seen the gorgeous trousseau of Lady Decies is wondering what the pretty American bride has done to Queen Mary's belt, has gone forth against hobble effects and tight skirts at the coronation. Whenever the youthful and pretty young woman has appeared, she has been remarked for the ultra-tightness of her American-made clothes.

English court matrons say that Lady Decies will be obliged to have an entire new wardrobe, notwithstanding the former Miss Gould's wedding gown was made with regard to court train with the coronation in mind.

It must be remedied to meet the almost Victorian prudishness of Queen Mary.

As for her other frocks, they were all cut in the light hobble fashion.

At the Punchestown races recently, Lady Decies astonished the Irish ladies by wearing draperies so tight that her big husband was obliged to help her down the grandstand stairway. Her gown was of fine silk accompanied by a plumed-trimmed hat. The other women appeared in heavy tweeds and strictly walking hats.

Among the pretty frocks seen on Lady Decies, which are tabooed on account of the court edict, is a tailor-made white serge with a skirt with inserted plaited sash, with a panel of lace.

The panel gives the hobble effect so much disliked by the queen.

Objects to Kiss

New York, May 2.—Does an actress have to rehearse kissing under penalty of being discharged? Helen Scholder, a 16-year-old cello player, has asked Justice Shell to decide that question for her. She is suing Arthur Hamerstein and Edward Locke for \$100 weekly salary withheld since January 19 last.

The defendants contend that Miss Scholder refused to rehearse kissing with the violin part as cello player, and also refused to wear the dress provided for her. She said she was willing to do her part, kissing and all, during performances, but wanted to leave out kissing during rehearsals. The court took the case under advisement.

Gives Up Legacy

New York, May 2.—Because she has called for the stage which she cannot resist, Miss Helen Lang of Victoria, B. C., is to relinquish a fortune of \$50,000 left her by her uncle, Harry Lang, with the proviso that if she entered upon a professional career the legacy should be turned over to a certain charity.

Miss Lang says: "Of course, money is nice, but I prefer a career. I can easily give up my legacy, for money is handicap to an actress just starting out. Everybody is envious of her and wants to prevent her from succeeding. My tutors seem to think I have ability and will succeed, and I intend to see that I do."

Goo Goo Eyes Did It

Reno, Nev., May 2.—Branding his wife, Daisy, as an inveterate flirt, and charging that she made goo-goo eyes at him, in Los Angeles, May 30, 1907, and the date she deserted him two years later, Vlaire Auger filed suit for divorce in the county clerk's office, his wife having one of the first to grace the docket in the new county courthouse, which threw open its portals today.

Auger, in his complaint, gives the dates on which his wife is alleged to have openly made eyes at other men, which to him is an insult and disgrace." Her final leave-taking, according to Auger, was preceded once or twice by Daisy's failure to return to their home at night.

There are no children and the divorce is sought on the ground of extreme cruelty.

Queen, Godmother

London, May 2.—When Queen Alexandra heard that Lady Acheson, formerly the beautiful Miss Mildred Carter, had become the mother of twins, she wrote expressing a desire to be godmother of the boy, who survived. The christening ceremony has been postponed to suit the convenience of the queen. The baby is a tiny creature and extremely delicate, being kept in an incubator and attended by two nurses. One of his names will probably be Edward.

Miss Slavich will be complimented again on Friday afternoon. Friends have been asked to meet her at an informal thimble bee, over which Miss Peters will preside as hostess at her home in East Oakland. The day following Miss Anne Duffy and Miss Madeline Brennan will unite in entertaining at a matinee party across the bay. A luncheon at the Piedmont clubhouse is the compliment which Miss Dolly, Miss Linda of Livermore is offering Miss Slavich on Monday.

As a welcome to Miss Gertrude Moller and Miss Ernestine Moller, who have recently returned from abroad, and a farewell to Miss Lillian Phelps, who will leave shortly for Chicago, Miss Elizabeth Clow will entertain formally Wednesday afternoon at her home in Prospect avenue.

The guests will include for the most part a group of friends who have been meeting together frequently during the winter at a series of sewing bees, followed by tea.

ACTRESS OUT OF DANGER.

SANTA BARBARA, May 2.—May Robson, the actress, who was operated upon

here for a trouble of a minor nature, is expected to be able to resume her engagements by Thursday of this week.

Miss Robson was compelled to cancel a matinee engagement here and was so ill during her performance Saturday evening that the attention of a physician was necessitated several times.

Stork Partial to Foreign Quarters of New York

Two Children Born to Alien Mother Where One Is Born to Native.

NEW YORK.—Figures which throw light on what foreign mothers are doing in the way of increasing the population of the city of New York were obtained from the Health Department. The statistics have just been compiled.

The United States Census Department at Washington gave out Sunday figures compiled from the general census of 1900, indicating that the average number of children born in this country to a native mother is 2.7, as against an average of 4.4 born to a foreign mother who has immigrated here. It is also indicated that the Russian Poles in America are the greatest foes of race suicide, and that the negroes in the North are practically dying out.

The Government figures do not cover New York, and it was learned the United States census takers have never made public any maternity statistics bearing on this city, so that the figures of the local Health Department, just compiled, are the latest and the only ones giving any illumination on the situation here.

INSTRUCTIVE TABLES.

These figures show the following results for 1910:

Number of children born of native parents:	Boys 46,264
Girls 45,642	
Total 91,906	
Number of children born of foreign parents:	Boys 4,025
Girls 4,215	
Total 8,240	

Number of children born of mixed parents, one or the other parent being of foreign birth:

Boys 7,176

CITIES

TELLS OF NEED OF
MORE PLAYGROUNDS

Charity Organization Holds
Annual Dinner and Elec-
tion of Officers.

BERKELEY, May 2.—Declaring that this city is far in the background in regard to parks and playgrounds compared with other cities of the same size, Professor Richard G. Boone, head of the educational department of the University of California, urged the men to vote for the playgrounds and Bunnell property bonds at the annual dinner of the Charity Organization society held in Town and Gown hall last evening.

Professor Boone addressed the gathering on "The Social Effect of Lack of Play Centers." Reports of the work of the organization were read, and the annual election of officers was held.

The guests included Mayor Hodgeshead and charity workers from all over the country. After the repast, Vice-president R. O. Moody, M. D., acting as chairman, introduced Clark W. Hetherington, who spoke in part.

"Play is essential for every child. The mother is the first playmate. Social conditions have forced us to recognize the necessity of organization of play. The chief neglect in all schools is the lack of space of play. The larger children in these schools have not forgotten how to play; they have never learned."

"The child of the country, it has been said, is the truest boy in the world. He is the soul of the city, as the country-bred boy has the big fields to romp in and no restrictions. He may run and race as much as he chooses, yet there is a lack of opportunity for the play life of the country child which is deplorable. The organization of play is one of the most inspiring of the systems for the uplifting of humanity."

NEED SCHOOL YARDS.

Professor Boone was then introduced. He said, in part:

"We need more opportunity for play and some means of directing it. We have about 6000 children in Berkeley under the high school system, and there are all but eleven school yards, which, as they stand today, would not aggregate more than 75,000 square feet, thus allowing about twelve square feet to each child. This is too small, too large, enough for a comfortable grave. There is scarcely a will in the entire city which has ample room for the boys and girls to play in. If they go into vacant lots they are condemned to walk without trapping signs."

"I hope you all will support the school-yard bonds and the kindergarten movement. Berkeley is far behind the other cities with the exception of Boston, and the ones who have not a single exception have paid much more attention to playgrounds. The kindergarten movement has been instituted in cities and towns of 10,000 or less, and we know this city is perhaps different from any other. We have no large corporation or large business interests from which the city can derive funds, and we depend upon the sale of personal property and realty for the maintenance of the city."

DEVELOP CHILD'S MUSCLES.

"The playground is fundamental for the development of the child's muscles, which is essential in man's life. The boy or girl must learn to control his muscles before he can be an adult."

"If I had a child of 10 years strong and able to use all of his muscles, and had him educated from the enjoyment of good clean sports, I should feel that he was better educated than if he was wrapped up entirely in books. The young child must play to develop the mind, and the mind in proportion to develop the body in proportion to the development of the brain."

Treasurer Lewis Hicks read an interesting report of the charities showing that more than \$3000 has been spent direct help for the poor and about the same amount for maintenance. Last year at this time there was nearly \$1400 in the treasury, so there were heavy expenditures this year, due to the rainy weather which deprived many of outdoor employment, the assets of the society last year are still greater, according to Hicks.

In order to make this remaining sum last he suggested holding the charity day this year in September.

MISS WEED'S REPORT.

Miss Mabel Weed, secretary of the society, presented a lengthy report, which in part follows:

"Our work of the past year has been much like that of other years, but in quantity it has increased a good third. In every line the work has grown. This increase may be partially accounted for by the fact that our society and its purposes are year by year becoming better known among the class of people we are trying to help, and they more frequently take their own way to us."

NEED EMPLOYMENT BUREAU.

The need of a well-organized employment bureau is emphasized in the report.

"The man with a family should be given a chance to work for its support," says Miss Weed. "The single man should be given an opportunity to earn his food and a decent cheap bed."

That Miss Wright is paid to give all her time to the office is discreditable, instead of dividing her time with similar work in the public schools is a recommendation. During the year there have been 150 cases in her care, representing many more cases of sickness, and she has made 528 visits.

The success of the Christmas stocking plan last year is referred to by Miss Weed with the donations at Yuletide from churches, the Elks and individuals.

At the close of Miss Weed's report officers were elected for the ensuing year, as follows: Director, Arthur A. Miller; Mrs. Charles R. Lloyd, Dr. T. C. McCleave, Dr. R. O. Moody, Rev. H. R. Miles, Rev. C. L. Parsons, Professor Jessie C. Rogers, August Vollmer, and Lewis A. Hicks.

Council: W. A. Gates, Rev. W. R. Hodgkins, Mrs. Almeric Coxhead, Rev. F. A. Harrison, Mrs. E. L. Naylor, Mrs. G. A. Matson, Mrs. M. B. Morris, Prof. W. C. Mitchell, Mrs. Andrew M. Davis, Mrs. W. R. Thorsen, Professor William C. Morgan, J. Conklin Brown, Mrs. J. T. D. Jones, Mrs. M. B. Whitham, Mrs. E. M. Wilber, Rev. G. G. Edridge, W. A. Wood and Mrs. B. J. Bither.

The following were the hostesses last evening: Mrs. John Hale Howard, Mrs. Charles R. Lloyd, Mrs. Alice Daniels, composing the committee of arrangements: Mrs. Frank J. Woodward, Mrs. A. C. Miller, Mrs. E. Clarence Holmes, Mrs. George Kellogg and others, in charge of the tables.

WARNING TO RAILROAD MEN.

E. S. Bacon, 11 East St., Bath, Me., sends out this warning to railroad men: "A conductor of the rail road, my work caused a severe inflammation of the bowels, and I was miserable and ill all day long. A friend advised Foley Kidney Pills and from the day I commenced taking them I began to regain my strength. The inflammation disappeared and I am better than I have been for twenty years. The weakness and dizzy spells are a thing of the past and I highly recommend Foley Kidney Pills." Wishart's Drug Store, Tenth and Washington streets.

Striking 'Baby Dolls' Agree to Fall Into Arms of California 'Cigar Store Indians'

"Baby Dolls" Who Object to Being Hugged Without a Formal introduction. —Photo Rice.

UNIVERSITY OF CALIFORNIA, May 2.—Members of the "Baby Doll" chorus who went on strike yesterday because they were asked, as a part of their dance, to fall into the arms of their men partners have finally agreed to appear on the night of the senior extrava- ganza.

The girls who will be garbed as baby dolls form half of the chorus, which consists also of "Buster Browns." Yesterday, when they learned that they were

to be held by arms, the owners of which they had never met, they protested forcibly and declared that the objectionable feature would have to be eliminated. Today, however, the comely senior terpsichoreans agreed to "go on with the dance under two conditions. In the first place, the men partners will be given formal introductions to the girls who will dance with them. Then they have insisted that the waiting arms of the stalwart college men must be held absolutely passive. No expression of joy at

the posture the girls are assuming must be permitted to cross the face of the men. In other words, they must show as much "popp" as the wooded Indians of the cigar stores.

The members of the baby doll chorus are Alma Summerfield, Mabel Sadler, Anna Langford, Anna Koenig, Anna Weller, Hazel Notting, Oliver Cutler, Blanche Ahlers, Florence Woolf, Alice Kohlberg, Elmoine Reeves, Dolores Le Feuvre, Grace Tully, Annette Breslauer, Winifred Hunt and Cecilia Levy.

TO DECORATE AUTOS.

"We wish all owners of automobiles, carriages and vehicles of every description to decorate the same and participate in this celebration which means so much for the future of Berkeley."

Preparations have been made for an elaborate affair by the committee of arrangements, headed by Miss Lillian Foss for the Native Daughters and by J. P. Brennan for the Native Sons.

"The floral parade in which we ask you to participate occurs on Saturday afternoon, May 13, at 3 p. m. Of this a committee consisting of present Mrs. H. N. Rowell, Mrs. W. W. Pratt, Mrs. R. N. Ayliwin and Mrs. Ellinor Carlisle have charge. It will consist of floats and decorated autos, carriages, bicycles, saddle horses, etc.

"The annual joint dance of Berkeley parlor, No. 150, Native Daughters of the Golden West and Berkeley parlor, No. 210, of the Native Sons, will be held on Saturday evening, May 13.

"This is the most important step and the Berkeley board of trade realizes its seriousness. The success achieved by Pasadena, Santa Barbara and Los Angeles must be our portion also, and that success attained will assure to us this beautiful custom each year."

"Berkeley is a city of flowers, not of nests or cut flowers. The hillsides are poppy covered. The beautiful masses of mustard and several types of blue wild flowers abound. With united effort we can deck our city in either wild or cultivated flowers."

CITY AND RAILWAY CITY TO CONDEMN
ARRIVE AT AN AGREEMENT LAND FOR NEW
PLAYGROUND

Western Pacific Co. Will Place Flagmen at Certain Street Crossings.

LIVES OF THE PUBLIC WILL BE SAFEGUARDED

Several Recommendations of the Railroad Committee Were Adopted.

Aamicable settlement of differences between the City Council and the Western Pacific railroad company concerning the protection of the public at certain street crossings where accidents have occurred was reached last night when the company agreed to the demands of the city. As a result of the agreement reached, watchmen have been placed at the crossings designated by the council during the hours the streets in question are used for traffic.

The agreement was reached as a result of a conference between officials of the company and Councilman R. C. Vose, representing the city. Other items in the agreement involved the improvement of several crossings and the discontinuance by the company of the use of Third street in West Oakland to unload freight cars.

Several small points brought up in council last night were referred to Attorney Charles E. Snook to be passed upon by the company.

RECOMMENDATIONS ADOPTED:

Recommendations of the railroad committee were adopted by the City Council last night as follows:

First, a resolution authorizing the Southern Pacific Company to substitute electricity for steam as motive power for operating its trains upon railroads within the city of Oakland from the western terminator of Oakland pier easterly and northerly to the northern boundary line of the city.

Second, that the petition of property owners to grant to the Oakland and Bay Shore Railway Company a franchise to operate and maintain a railroad within the city of Oakland be referred to the city attorney to determine the question.

Third, members to a petition may withdraw their names from the petition asking the council permission to grant a franchise to a railroad company.

BANGOR'S LOSS TOTALS

LESS THAN \$3,000,000

BANGOR, Me., May 2.—Between \$2,500,000 and \$3,000,000 will cover the financial loss of the fire which destroyed approximately 255 houses and about 100 business buildings here Sunday night and early yesterday. Insurance agencies estimate they will lose 60 per cent, or about \$1,500,000.

The city will not be compelled to ask outside help was sent immediately by Mayor Mullin and representative citizens. Most of those who lost property are wealthy, and only seventy-five families were reported destitute.

Fire department has been looking for possible victims, but last night only two were unaccounted for as dead. Only a few are injured and none seriously.

Armed troops patrol the streets under orders to shoot in cases of looting.

SHOOTS HIS FRIEND

ROUTINE BUSINESS

On the recommendation of the license committee a liquor license was granted by the council last night to J. E. Monahan of 838 San Pablo avenue. Other routine business transacted by the council was as follows:

A resolution was adopted accepting the plans and specifications prepared by the city engineer for the improvement of Seventh street from the western line of Bay street to the eastern line of Fulton street.

A resolution was adopted authorizing the construction of cement sidewalks five feet in width on street shown in map entitled "Aegeon Moss Tract."

Wallace H. Locke was granted permission to construct redwood curbs in certain areas down in maps of Locke Tract and Quigley Tract.

A resolution was adopted notifying Hutchinson Company that no further extension of time for the curbing of Hopkins street beyond the time granted in resolution No. 37394, adopted April 24, 1911.

The city attorney was directed to submit to this council an ordinance or ordinance amending twenty-second street from Market street to San Pablo avenue and Jones street from Grove street to Telegraph avenue as to its entire width of said streets, including the curblings.

RESOLUTIONS ADOPTED

A resolution was adopted authorizing refund of fees paid for electrical permits.

The claim of George F. Rogers for labor done on Webster street sewer was ordered paid.

A resolution was adopted ratifying the action of the superintendent of police in employing seven special police officers for the election held April 1, 1911.

A resolution was adopted ordering paid pension claims for labor on old city hall.

A resolution was adopted authorizing the paying out of the fire fund for three claims for salary.

PLANS FOR SEWER

The city engineer was directed to prepare plans, specifications and resolution of intention for seweraging Thirtieth street, between Union and Peralta streets, and Peralta between Thirtieth and Thirty-second streets.

A resolution was adopted rescinding resolution of intention No. 37307, providing for the construction of sewers in portions of Broadway and Fourth avenues.

A resolution was adopted directing the city engineer to prepare plans, specifications and resolution of intention for the construction of sewers in Manila avenue and Broadway.

Plans and specifications were adopted for the construction of a sewer in Bryant avenue from center-line produced of Edith street to the existing lamp-post near boundary line of the city, including all resolution of intention to construct sewer.

Michael Heafy was granted permission to construct sewer along a line ten feet east of the western line of Hollis street from the main outlet sewer crossing said Hollis street.

MERCHANTS FORM COUNTY CHAMBER

REPORTS OF MANY BATTLES HEARD

Meeting at Centerville Calls Out Business Men of Township.

TUCSON, May 2.— Following up the progressive movement manifested throughout Alameda county, representatives of several chambers of commerce of Washington township met at Centerville last evening and perfected an organization to be known as the Associated Chambers of Commerce of Washington Township. The main purpose of the organization is to centralize the efforts of the community regarding the public improvement and greater development of the township and Alameda County. The officers elected were: President, T. D. Witherly, Irvington; vice-president, A. T. Biddle, Newark; secretary, C. E. Jasmin, Decoto; treasurer, F. T. Hayes, Centerville.

MEMBERS OF ORGANIZATION.

The following representatives from each chamber of commerce in the township comprises the membership:

Centerville, F. T. Hayes, G. W. Wright, F. T. Dusterberry; Irvington, O. N. Hirsch, J. Rapp, T. D. Witherly, W. Catterlin, Rev. F. V. Jones, P. Dassel, Decoto; Newark, Henry C. E. Jasmin, T. S. Ferrera; Newark, A. R. Morris, T. Biddle; W. W. Wyatt, Mission San Jose, W. Rose, M. Brown, Frank Martin.

The principal speakers of the evening included Dr. W. H. Emerson of Hayward, who spoke on the absolute necessity of creating a centralized district; C. E. Jasmin of Decoto, who spoke on the purposes of the organization and the benefits to be derived from the same. F. P. Hayes of Centerville addressed the meeting on the approaching township Fourth of July celebration which will be held in Centerville, while W. W. Wyatt spoke for a few moments on various subjects of interest.

All those who were present and spoke displayed a keen interest in the welfare of Washington township and Alameda county. This interest resulted in arrangements for a meeting to be held in Irvington on May 17, at which time a definite place and date for subsequent meetings will be decided upon.

WANT 100 AUTOS FOR DELEGATES

Chamber of Commerce Plans a Seeing Oakland Trip for Commercial Men.

The automobile committee of the progress and prosperity committee of the Chamber of Commerce decided at its meeting yesterday afternoon that at least 100 autos will be necessary to give the delegates to the convention of the United Commercial Travelers a six-night ride around Oakland. Before calls are made upon automobile owners to provide machines for the visitors, the committee will communicate with the entertainment committee of the local travelers' organization to learn just what number of delegates and their wives there will be. The gathering is scheduled for May 19 and 20.

The hotel was planned by the local drummers for the visitors with surprises anything ever attempted in this city, and will include free admission to theaters and free transportation on street cars. A big banquet, a smoker and a grand ball will be features of the two days festivities.

OAKLAND TRIBUNE, Oakland's greatest evening newspaper, assures its advertisers that the circulation of this paper reaches every day over 200,000 readers.

HOMES ARE WANTED FOR MANY HOMELESS LITTLE CHILDREN

The upper picture shows Foundlings who are being cared for by foster mothers as the wards of the Associated Charities. Lower picture, a group of children for whom the Associated Charities is seeking adoption.

Babies collected from the four corners of the earth assembled yesterday afternoon in the rooms of the Associated Charities, 808 Broadway, for the purpose of becoming acquainted with each other and incidentally being weighed by Dr. Franklin Sylvester, the medical advisor of the association.

Early in the afternoon the foster mothers of the orphans and foundlings appeared in the babies' clinic of the Associated Charities. The chief feature of the meeting was the weighing of the babies, who announced by means of tears that they thought the idea of being weighed in public was a painful process.

There were seven babies and they tipped the scales from 10 to 25 pounds. All of them showed an increase in weight since the last weighing, which was encouraging to Dr. Sylvester as well as the custodians of the children. Dr. Sylvester examined every child and announced that she was satisfied with the care and attention they were receiving.

CHILDREN FOR ADOPTION.

There were a number of chatterboxes in the company of older children who appeared before Dr. Sylvester for examination among them being little Alice, a colored girl, who was the center of admiration of Mrs. Frances Lemon, secretary of the Associated Charities, who said that she heads the list of children for adoption, with Winnetta, a pretty child of Irish descent.

About twenty children, orphans and foundlings, are on the waiting list for homes with kind families.

REBELS SHOOT UP CHIHUAHUA CITY

Insurgent Band Proves Its Preparedness for War.

CHIHUAHUA, Mex., May 1, via Laredo, May 2—A band of insurgents entered this city today from the south and began indiscriminate firing. It is presumed that this was done to demonstrate that their preparedness to resume hostilities should the peace negotiations fail.

AN ALARM

An alarm was immediately sounded at military headquarters and troops were sent to repel the attacking party. The insurgents fled within a short time. No one was wounded.

It is believed that the insurgents are a part of a band from the south which were not included in the armistice. Practical isolation of Chihuahua city from the outside world continues, the insurrection having cut most of the railroad and telegraph lines.

PICKPOCKETS ARE CAUGHT IN ACT

David Hatton of Napa Feels Hand in Pocket and Causes Arrest.

Grand larceny charges were placed against Thomas McCarthy, alias William Field, alias William Thompson, a former convict, and Harry Raymond, alias Thos. Foley, also an old offender, in police court No. 1 this morning, the cases being continued for preliminary examination after the two men had been arraigned before Judge Smith.

The men were caught by David Hatton of Napa when they attempted to pick his pockets as he was boarding a train at the Oakland mole. Hatton felt a hand in his pocket and turned and grappled with the man. He subdued him after a struggle, while Railroad Officer J. Quinn, who was attracted by Hatton's shouts for assistance, caught Raymond and placed him under arrest. The two men were turned over to Detectives St. Clair, Hodges and Gallagher and booked at the city prison.

An examination of the records showed that McCarthy had served five years in San Quentin at one time for robbery, and that Raymond had been in jail several times for petty offenses. McCarthy gave his occupation as a news agent of San Francisco. Raymond claims to be a bartender in the same city.

CLUB EVENTS ARE TOLD IN VERSE

Mrs. Geo. Marshall, in Poetry, Gives an Account of Social Gathering.

FITCHBURG, May 2.—The Seventy-sixth Avenue Social Club of Fitchburg held an enjoyable meeting Friday afternoon at the home of Mrs. George Marshall. Miss Willette Stowell entertained the guests with several character dances. The following minutes of the previous meeting, written by Mrs. Marshall, were read:

WE ENTERTAIN THE MEN.
We ladies here in Fitchburg
Have formed a club of eight.
We hold high jinks and other things
That keeps us up till late.

We had an Easter though one day
In April the year eleven.
We got up a head together
And put a job up on the seven.

We had a little game of cars,
With a little prize,
And all the men were jealous,
Of their good wives' goo-goo eyes.

We changed our partners often,
The girls had a great time.
And it was 2 o'clock a.m.
Before we got things fixed.

The hubby of our hostess
Was bound to have his way.
He punched holes in our tally-cards,
Till we began to Bray.

We swore we cheated awfully
And then the hubbie of a pipper;
His wife threw up her hands.
Said Neppin was a Pipper.

Marshall hid behind a Bush,
Spent the evening long,
While his good wife and Mrs. Bray
Dispensed a little song.

Covington tried for the prize,
His eyes on it were bent,
But fate ordained it otherwise;
His pride it got a Dent.

And Mrs. Dent was single
Just single for the right.
She had a long husband
But he was out of sight.

So she was sighing for a man
And one she'd never seen,
Was ushered in and soon declared
He'd always liked Dentie.

Thornton met the Robinsons
And then he nearly died.
The doctor of course proved
A thorn in Thornton's side.

They made him do a lot of stunts
And mussed his curly hair,
For girls they "rough-housed" handsome
Joe.

The girls were all right there.

We had a little supper
And told some many jokes,
And all our little troubles
Went up in fragrant smokes.

We had all kinds of provender
And eight assorted cakes;
Had them on Easter Sunday
We all had stomach ache.

The problem that us vexing us
Is how to find the name.

So the old little club of ours
May well be known to fame.
Some want to call us "Knockers,"
Or "Klickers" or "The Prudes."

But we will never listen
To their carping interludes.

On April 15th, nineteen eleven,
We danced all night and never closed
Our eyes while it was dark.
And when the sun was rising

It found us on our way;

We slipped into our happy homes
Just at the break of day.

Now, here's a light suggestion
It has occurred to me,

The wise owl in the tree

We make the night-time merry,
Indulge in midnight pranks—

Suppose we call our little club
"The Fitchburg Lady Owls?"

FREDERICKSON AND MOTT ARE ENDORSED BY CLUB

At a meeting of the Italian-American Club held last Sunday afternoon at Forty-sixth and Telegraph, the club unanimously endorsed the candidacy of Frank K. Mott for mayor, George E. Gross for attorney, Edwin Meece, W. J. Adams, Frederick G. Turner and John Forrest for commissioners, and Dr. A. S. Kelly, Frank Cook, C. M. Orr, Harry Boyle, Miss Annie F. Brown and M. R. Bronner for the board of education.

Several members of the club made telling speeches, stating the reasons why it would be for the best interests of the city of Oakland to have the candidates elected on the 9th of May. Every man present agreed to support the ticket and use his influence to secure the votes of his friends for it. The officers of the club are J. Galmarino, president; E. Soldati, secretary.
